

CONSUMER PRODUCT SAFETY NOTICE

Parents,

In an effort to keep Kentucky's children safe, we are required by law to inform you of the existence of the **Kentucky Consumer Product Safety Program** and the **United States Consumer Product Safety Commission**.

"The U.S. Consumer Product Safety Commission is charged with protecting the public from unreasonable risks of serious injury or death from thousands of types of consumer products under the agency's jurisdiction. The CPSC is committed to protecting consumers and families from products that pose a fire, electrical, chemical, or mechanical hazard or can injure children. The CPSC's work to ensure the safety of consumer products - such as toys, cribs, power tools, cigarette lighters, and household chemicals - contributed significantly to the 30 percent decline in the rate of deaths and injuries associated with consumer products over the past 30 years." <http://www.cpsc.gov/about/about.html>
