2. REGIONAL TRANSPORTATION COMMITTEE

Chair Dotson called on Mr. Jon Young for the Transportation Committee report. Mr. Young reported on April 17, 2025, the Kentucky Transportation Cabinet (KYTC) hosted a public information meeting at Graves County High School to provide updates on the Rebuild Mayfield Project. It was an openhouse-style meeting that allowed attendees to review exhibits, speak with KYTC staff, and ask

questions about planned improvements. Funded by a \$25 million RAISE grant combined with state funds, the project aimed to revitalize Mayfield's downtown streetscape, including roadway and utility upgrades and improved pedestrian and cyclist safety. Written comments will continue to be accepted by mail until May 19, 2025, and you can review project materials at the KYTC District 1 Office in Paducah and online at RebuildMayfield.com.

Back in March PADD staff along with the folks at KYTC District 1 met with all the local officials to prioritize and rank local transportations projects as part of the Transportation Cabinet's Strategic Highway Investment Formula for Tomorrow (SHIFT), ensuring that local priorities are well-represented in the decision-making process. As of May 9th, all project sponsorships will be finalized and submitted to the state for review and scoring.

Once scored, the Regional Transportation Committee will meet to determine which regional projects to assign boost points to get placed into the 6-year highway plan. Our next Regional Transportation Committee meeting is scheduled for July 29 at 10:30 AM here at the PADD office.

Mr. Young offered congratulations to Easter Seals West Kentucky on being awarded \$65,000 to purchase a new 12 passenger van. This award is received from the Kentucky Transportation Cabinet's Office of Transportation and Delivery for the FY25 Section 5310 Program. Section 5310 is the program that provides capital funding to public non-profit agencies that provide public transportation for the elderly and or people with disabilities. The funding for his program is 80% Federal with a 20% Local Match.

We would also like to congratulate Fulton County Senior Citizens on their recent award notice from the Government Resources Accelerating Needed Transformation (GRANT) Program. - 2. WATER MANAGEMENT COUNCIL

Chair Dotson called on Mr. Dennis Fulfer to give the report. Mr. Fulfer reported staff are working on two projects at this time, Annual Site Visits and Needs Assessment Visits.

The Annual Site Visits is a data collection task in which we capture your annual usage and changes to your system. With this information, we update the WRIS system. This is important because this facilitates economic development by giving business and real estate developers a single source of infrastructure data to inform their decision. As of today's meeting, 33 of 63 surveys have been returned, with 20 more saying they are in the process of completion.

The Needs Assessment Visits captures your priorities in three categories:

- Infrastructure Development
- Management and Operations
- Planning

Staff have visited 41 of the 63 sites and are seeing a trend that the top three needs are: Funding, Operator Training/Retention (including succession planning), and Repairing/Replacing Aging Infrastructure. A more comprehensive finding will be in the final Water Management Plan.

 - b. the period during which the Recipient retains ownership or possession of the property.
- 9. The Recipient will provide for such methods of administration for the program as are found by the Secretary of Transportation or the official to whom he/she delegates specific authority to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the Acts, the Regulations, and this Assurance.

The Title VI Coordinator will notify the Executive Director of the PADD, who will ensure that the program area complies with the remediation plan.

Sub-Recipient Review Procedures

Each sub-recipient of federal funds under grants administered by the PADD shall have a Title VI plan which shall be available for review by PADD staff. The PADD shall periodically review all programs funded through federal assistance for those subrecipients who have been found by the PADD to be in non-compliance with Title VI. Reviews will use a desk audit, self-survey, and/or onsite inspections. Employees or grant sub-recipients who refuse to voluntarily comply with Title VI or to take corrective actions required by the PADD shall face disciplinary action, or in the case of grant subrecipients, may face termination or suspension of the contractual relationship with the PADD. Any trends, patterns of discrimination, or complaints filed against a subrecipient will automatically trigger the review process.

VIII. AGENCY TITLE VI TRAINING PLAN

All PADD staff will be provided with the Title VI plan and will be educated on procedures and services available. Each employee is required annually to receive and document Title VI training and acknowledge that it is the employee's responsibility to abide by the Title VI plan and seek clarification, if necessary. This information will also be part of the PADD's staff orientation process for new hires. Annual employee training was conducted in April to June of 2024. Each employee will view the training at their individual workstation. Employee will sign an acknowledgement (see example at Appendix F with roster showing completion of training) that they have understood the Title VI training and have the responsibility of abiding by the Title VI nondiscrimination plan. Those training records will be on file at the PADD. The PADD transportation planner, Jim LeFevre, attended the October 18, 2023 statewide transportation planning meeting with a presentation/training by KYTC's Office for Civil Rights and Small Business Development on FHWA Title VI Audit Interpretations.

Part of PADD's Title VI plan is deciding what level of staff training is needed. It is important that staff members, especially those having contact with the public, know their obligation to provide meaningful access to information and services for Title VI covered persons. Even staff members who do not interact regularly with Title VI covered persons should be aware of and understand the Title VI plan. Properly training staff is a key element in the effective implementation of the Title VI plan.

Staff and Operations staff are trained to recognize when a Title VI covered person is need of assistance. This awareness training, which is delivered by video, is included in Reservations Orientation and Initial On-The-Job Training.

IX. DATA COLLECTION/REPORTING/ANALYSIS

Statistical data on race, color, national origin, sex, age, disability, and LEP of participants in and beneficiaries of the PADD's programs, (i.e., affected populations, and participants) will be gathered, analyzed, and maintained by the PADD to determine the transportation investment benefits and burdens to the population, including minority and low-income populations. Each of the PADD's Program Areas will maintain data relative to their programs and activities. Data gathering procedures will be reviewed regularly to ensure sufficiency of the data in meeting the requirements of Title VI program administration. Analysis of the data collected by the program emphasis areas may include:

- The race, color, national origin, sex, age, disability, income and LEP of the population eligible to be served
- Socioeconomic Assessment to evaluate project's potential impacts to the human environment
- Persons to include in the decision-making process
- Percent of benefits allocated to persons below the poverty line vs. persons above the poverty line
- Distribution of benefits (dollars, facilities, systems, projects) to groups and communities
- Projected population increases versus planned facilities and types of facilities
- Language needs assessment
- Transportation needs of all persons within boundaries of plans or projects
- Strategies to address impacts
- The manner in which services are or will be provided and the related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination
- The location of existing or proposed facilities connected with the program and related information for determining whether the location has or will have the effect of unnecessarily denying access to any persons on the basis of prohibited discrimination
- The present or proposed membership, by race, color, national origin, sex, disability and age, in any planning or advisory body which is an integral part of the program
- Strategies to disseminate information

How are complaints routed?

FHWA is responsible for all decisions regarding whether a complaint should be accepted, dismissed, or referred to another agency. With this understanding, complaints should be routed in the following ways:

- All complaints should be routed to the FHWA Headquarters Office of Civil Rights (HCR) for processing. HCR is responsible for all determinations regarding whether to accept, dismiss, or transfer Title VI complaints filed against PADD.
- Complaints filed with PADD will be forwarded to KYTC, KYTC will forward the complaint to Kentucky's FHWA Division Office, which will forward the complaint to HCR. If a complaint is filed with KYTC, then the KYTC will forward the complaint to Kentucky's FHWA Division Office, which should forward the complaint to HCR.
- PADD and KYTC must log all complaints received.
- When HCR decides on whether to accept, dismiss, or transfer the complaint, HCR will notify the Complainant, the Kentucky FHWA Division Office, KYTC, and PADD.

Complaints may be sent to:

Purchase Area Development District P.O. Box 588 Mayfield, Kentucky 42066

And/Or

Kentucky Transportation Cabinet Office for Civil Rights 200 Mero Street, 6th Floor Frankfort, KY 40622

And/Or

Additionally, complaints may be filed with the U.S. Department of Justice at:

Federal Coordination and Compliance Section - NWB Civil Rights Division U.S. Department of Justice 950 Pennsylvania Avenue, N.W. Washington, D.C. 20530

What are the potential outcomes for processing a complaint?

There are four potential outcomes for processing complaints:

- Accept: if a complaint is timely filed (see "When must one file?" above), contains sufficient information to support a claim under Title VI, and concerns matters under FHWA's jurisdiction, then HCR will send to the complainant, the respondent agency, and the FHWA Division Office a written notice that it has accepted the complaint for investigation.
- Preliminary review: if it is unclear whether the complaint allegations are sufficient to support a claim under Title VI, then HCR may (1) dismiss it or (2) engage in a preliminary review to acquire additional information from the complainant and/or respondent before deciding whether to accept, dismiss, or refer the complaint.
- Procedural Dismissal: if a complaint is not timely filed (see "When must one file?" above), is not in writing and signed, or features other procedural/practical defects, then HCR will send the complainant, respondent, and FHWA Kentucky Division Office a written notice that it is dismissing the complaint.
- Referral\Dismissal: if the complaint is procedurally sufficient but FHWA (1) lacks jurisdiction over the subject matter or (2) lacks jurisdiction over the respondent entity, then HCR will either dismiss the complaint or refer it to another agency that does have jurisdiction. If HCR dismisses the complaint, it will send the complainant, respondent, and FHWA Kentucky Division Office a copy of the written dismissal notice. For referrals, FHWA will send a written referral notice with a copy of the complaint to the proper Federal agency and a copy to the USDOT Departmental Office of Civil Rights.

HCR is responsible for conducting all investigations of KYTC and PADD. In the case of a complaint filed against PADD, HCR may either conduct the investigation itself, or it may delegate the investigation to KYTC. If HCR chooses to delegate the investigation of PADD, HCR will communicate its acceptance of the complaint to the complainant and respondent, but KYTC will conduct all data requests, interviews, and analysis. KYTC will then create a Report of Investigation (ROI), which it will send to HCR. Finally, HCR will review the ROI and compose a Letter of Finding based on the ROI. All Letters of finding issued by FHWA are administratively final.

What are the timeframes for investigations?

For FHWA, there is no regulatory timeframe for completing investigations. However, FHWA strives to complete all tasks within 180 days from the date of acceptance. If KYTC is delegated an investigation from FHWA, 23 CFR §200.9(b)(3) provides that KYTC must complete investigations within 60 days of receipt (meaning the date it receives the delegated complaint from FHWA).

Investigation files are confidential and will be maintained by KYTC. The contents of such files will only be disclosed to appropriate KYTC personnel and federal authorities in accordance with Federal and State laws. KYTC will retain files in accordance with records retention schedules and all Federal guidelines.

Public Involvement Plan/Community Outreach

The Public Participation Plan for PADD was developed to ensure that all members of the public, including minorities, disabled, low income, LEP populations, are encouraged to participate in the decision-making process. The public outreach strategies described in the Plan are designed to provide public with effective access to information about PADD services and to provide means for considering public comment.

Community Outreach is a requirement of Title VI. Recipients and sub-recipients shall seek out and consider the viewpoints of minority and low-income populations in the course of conducting public outreach. Recipients have wide latitude to determine what specific measures are most appropriate and should make this determination based on the composition of the affected population, the public involvement process, and the resources of the recipient.

As an agency receiving federal financial assistance, we have made the following community outreach efforts:

- Conduct local or regional public / information meetings as requested
- Utilizing PADD Monthly Updates to reach educate and inform the public on various programs
- Conducting meetings with local officials and interested community leaders
- Using e-mail distribution lists to provide information to interested persons and agencies
- Committee reports during the monthly PADD Board of Director's meetings
- Using the PADD Web Site, Facebook and Instagram to post projects/information/comments and providing a link for public feedback
- Address civic groups, chamber meetings, government meetings
- Attending fiscal court and city council meetings
- Utilize existing services / programs at the PADD to distribute information (i.e. Housing, Aging, Workforce Investment)
- Use surveys in newsletters, mail-outs, emails, Survey Monkey, etc. to gain public input

<u>Third Party Groups</u>

The PADD will seek to increase public outreach to the underserved populations by contacting third party groups and asking for their assistance in creating public awareness concerning transportation related issues. The agencies, groups or people that wish to provide assistance can be utilized to distribute materials pertaining to the statewide planning process. The members may be able to utilize their brochures, newsletters, word of mouth, etc. concerning public meetings, announcements of public review and comment periods for statewide planning documents by sharing and distributing the information with the populations they service. These groups may include, but not be limited to the following:

Senior citizen centers Public libraries Public health departments Public transit authorities NAACP Housing authorities Post offices County or city clerk's office United Way Churches Migrant education programs Adult education programs Chamber of commerce Community based services Human relations commissions State government agencies **Disabled** American Veterans

Public Meetings

The PADD will hold local or regional public information/input meetings as requested to provide additional opportunities for public comments.

Newspapers

Information can be sent to the local newspapers in the region. While none are identified as targeting specific traditionally underserved audiences, all have the potential to have traditionally underserved subscribers. Information can be distributed to the newspapers relating to media releases with announcements of meeting dates and locations, announcements of documents available for public review and comment, and information about the statewide planning process.

<u>Radio</u>

Information can be sent to radio stations that serve the region. None are identified as targeting specific traditionally underserved audiences, but all have the potential to have traditionally served underserved listeners. Public meeting invitations can be sent to the stations along with media releases with announcements of meeting dates and locations and information about the statewide planning process or statewide documents available for public review and comment.

Television

Information can be sent to television stations that serve the region. This could include regular network broadcast stations as well as local cable access channels that may be available throughout the region. These channels can also be utilized in creating public awareness.

Traveling Exhibits

Traveling exhibits may be used to display information about public meetings, review of statewide documents and the statewide planning process. The following locations may be utilized to display information:

Public libraries Post offices County courthouses City halls Community centers, meeting halls, churches Chamber of commerce KYTC Highway District 1 office Purchase Area Development District office Schools Public housing authorities Senior citizen centers or housing Malls, restaurants, shopping centers Special event locations Other identified locations through planning process

Coordinated Pubic Transit-Human Services Transportation Plan (Coordinated Plan)

The two year transportation authorization entitled Fixing America's Surface Transportation (FAST) Act as amended by Federal and State Grants under Section 5311 Rural Area Formula Program, Appalachian Development Transportation Assistance, Commonwealth Veterans Transportation Program and JARC (Job Access and Reverse Commute) Programs under the Federal Transit Act of 1964, as amended funds would be used for capital equipment and transit operations. Under the requirements of Moving Ahead for Progress in the 21st Century (MAP-21) and the Enhanced Mobility of Senior and Individuals with Disabilities Program (5310) meetings are and will be held to make improvements on a local coordinated plan for public transit.

Public Notification.

The PADD will disseminate Title VI Program information to employees, contractors, subrecipients and beneficiaries, as well as to the public. A variety of public notification and participation procedures will be used to encourage the early and continuous involvement of citizens, communities, and others interested in the planning process and decisions of the PADD. The PADD will discuss and/or distribute Title VI information using mass media including, but not limited to the following:

- Policy statements
- Inclusion of Title VI language in contracts
- New employee orientation
- Federal EEO posters
- PADD website
- Standard procedures manual
- Significant publications, i.e., newspapers, brochures, and written literature
- Mailings
- Meetings open to the public
- Events

Further notices informing the public and all employees that the PADD complies with Title VI of the Civil Rights Act of 1964 will be displayed in a prominent place.

Customer Complaint Process

Citizens may call the PADD at 270-247-7171 to lodge a complaint or comment. All complaints/comments are input into a database and then distributed to the relevant manager who researches the complaint and responds back to the citizen.

General Awareness and Phone Surveys

On behalf of all Purchase Area Public Transportation Providers, PADD conducts an annual survey to identify service needs. This survey is distributed via mail to all known transportation providers and human service agencies serving the region. Additionally, it is available through Survey-Monkey and Facebook. All comments received are shared with the appropriate transportation agency.

Bilingual Outreach

Upon request PADD provides Spanish-speaking guests with information on public transit services in Spanish. Staff will assist with outreach programs and public meetings as requested.

PADD submits an annual Section 5304 request to the Kentucky Transportation Cabinet and as part of this process a regional coordination meeting is conducted. All meetings will seek to incorporate minority, individuals with disabilities and LEP individuals' and their ability to provide feedback.

Practices which will be included:

- a. Scheduling meetings at times and locations that are convenient and accessible for minority and LEP communities
- b. Coordinating with community and faith-based organizations, education institutions, and other organizations to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP communities.
- c. Providing opportunities for public participation through means other than written communications, such as personal interviews or use of audio or video recording devices to capture oral comments.

Mobility Needs of Minorities

PADD seeks to identify the mobility needs of minority populations during the transportation planning and programming process through early and continuing public outreach to minority populations to obtain their input, and through data and GIS analysis of the location of minority population concentrations relative to existing and planned jobs and services and their travel patterns. The Title VI and environmental justice considerations are incorporated into PADD's planning and programming process.

XII. LANGUAGE ACCESS PLAN

PADD has taken excerpts from "Implementing the Department of Transportation's Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons: A Handbook for Public Transportation Providers" as prepared by The Federal Transit Administration Office of Civil Rights, dated April 13, 2007.

PADD recognizes the need to provide equal service opportunities for all individuals in the service area. Most individuals living in the United States read, write, speak, and understand English. There are many individuals, however, for whom English is not their primary language. The 2020 census shows that 40.5 million individuals speak Spanish and over 10.8 million individuals speak an Asian or Pacific Island language at home. If these individuals have a limited ability to read, write, speak, or understand English, they are limited English proficient, or "LEP."

Language for LEP individuals can potentially hinder some individuals from arranging transportation services needed. The Federal Government funds an array of services that can be made meaningfully accessible to otherwise eligible LEP persons. The Federal Government is committed to improving the accessibility of these programs and activities to eligible LEP persons, a goal that reinforces its equally important commitment to promoting programs and activities designed to help individuals learn English.

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d et seq., and its implementing regulations provide that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination under any program or activity that receives Federal financial assistance. The Supreme Court, in *Lau v. Nichols*, 414 U.S. 563 (1974), interpreted Title VI regulations prohibits conduct that has a disproportionate effect on LEP persons because such conduct constitutes national origin discrimination (page 5).

Executive Order 13166, "Improving Access to Services for Persons with Limited English Proficiency," reprinted at 65 FR 50121 (August 16, 2000), directs each Federal agency to examine the services it provides and develop and implement a system by which LEP persons can meaningfully access those services. Federal agencies were instructed to publish guidance for their respective recipients in order to assist them with their obligations to LEP persons under Title VI. The Executive Order states that recipients must take reasonable steps to ensure meaningful access to their programs and activities by LEP persons (Pages 5-6).

The U.S. DOT published revised guidance for its recipients on December 14, 2005. This document states that Title VI and its implementing regulations require that DOT recipients take responsible steps to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for individuals who are Limited English Proficient (LEP) and that recipients should use DOT LEP Guidance to determine how best to comply with statutory

and regulatory obligations to provide meaningful access to the benefits, services, information, and other important portions of their programs and activities for individuals who are LEP (page 6).

The FTA references the DOT LEP guidance in its Circular 4702.1A, "Title VI and Title VI-Dependent Guidelines for FTA Recipients," which was published on April 13, 2007. Chapter IV, Part 4 of this Circular reiterates the requirement to take responsible steps to ensure meaningful access to benefits, services, and information for LEP persons and suggests that FTA recipients and sub-recipients develop a language implementation plan consistent with the provisions of Section VII of the DOT LEP guidance (page 6).

In accordance with the Executive Order, the U.S. Department of Transportation issued <u>Policy</u> <u>Guidance Concerning Recipient's Responsibilities to Limited English Proficient (LEP) Persons</u>, which is modeled after DOJ's guidance. As described in the guidance, DOT recipients are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. The guidance applies to all DOT funding recipients, which include state departments of transportation, state motor vehicle administrations, airport operators, metropolitan planning organizations, and regional, state, and local transit operators, among many others. Coverage extends to a recipient's entire program or activity, i.e., to all parts of a recipient's operations. This is true even if only one part of the recipient receives the Federal assistance. For example, if DOT provides assistance to a state department of transportation to rehabilitate a particular highway on the National Highway System, all of the operations of the entire state department of transportation—not just the particular highway program or project—are covered by the DOT guidance.

The DOT guidance outlines four factors recipients should apply to the various kinds of contacts they have with the public to assess language needs and decide what reasonable steps they should take to ensure meaningful access for LEP persons:

- 1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service of the recipient or grantee.
- 2. The frequency with which LEP individuals come in contact with the program.
- 3. The nature and importance of the program, activity, or service provided by the recipient to people's lives.
- 4. The resources available to the recipient and costs.

The greater the number or proportion of eligible LEP persons; the greater the frequency with which they have contact with a program, activity, or service; and the greater the importance of that program, activity, or service, the more likely enhanced language services will be needed. Smaller recipients with more limited budgets are typically not expected to provide the same level of language service as larger recipients with larger budgets. The intent of DOT's guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not burdens organizations and local governments. After imposing undue on small completing the above four-factor analysis, recipients can determine the appropriate "mix" of LEP services required. Recipients have two main ways to provide language services: oral

interpretation either in person or via telephone interpretation service and written translation. The correct mix should be based on what is both necessary and reasonable in light of the four-factor analysis. For instance, a motor vehicle department or an emergency hazardous material cleanup team in a largely Hispanic neighborhood may need immediate oral interpreters available and decide to hire full-time bilingual staff. In contrast, there may be circumstances where the importance and nature of the activity and number or proportion and frequency of contact with LEP persons may be low and the costs and resources needed to provide language services may be high in which pre-arranged language services for the particular service may not be necessary. The languages spoken by the LEP individuals with whom the recipient has frequent contact often determine the languages into which documents will be translated and the types of interpreters provided.

Plan for Assisting Persons of Limited English Proficiency

How to Identify an LEP Person Who Needs Language Assistance?

Below are tools to help identify persons who may need language assistance:

- 1. Examine records requests for language assistance from past scheduled transportation needs to anticipate the possible need for assistance at upcoming appointments;
- 2. When PADD sets up at events, set up a sign-in sheet table, have a staff member greet and briefly speak to each attendee. To informally gauge the attendee's ability to speak and understand English, ask a question that requires a full sentence reply;
- 3. Staff should keep lists of individuals seeking language assistances on telephones, in office and on vehicles;
- 4. Post a notice of available language assistance on PADD vehicles, subcontractor vehicles and reception area.
- 5. Persons who do not speak English as their primary language and who have a limited ability to read, speak write or understand English can be limited English proficient, or "LEP." These individuals may be entitled to language assistance with respect to a particular type of service, benefit or encounter.

Title 49 CFR, Appendix C, Section (3)(iv) requires that "the location of projects requiring land acquisition and the displacement of persons from their residences and business may not be determined on the basis of race, color, or national origin." For purposes of this requirement, "facilities" does not include bus shelters, as they are considered transit amenities. It also does not include transit stations, power substations, or any other project evaluated by the National Environmental Policy Act (NEPA) process. Facilities included in the provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc. In order to comply with the regulations, PADD will ensure the following:

PADD will complete a Title VI equity analysis for any facility during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. Purchase Area Development District will engage in outreach to persons potentially impacted by the siting of the facility. The Title VI equity analysis must compare

the equity impacts of various siting alternatives, and the analysis must occur before the selection of the preferred site.

When evaluating locations of facilities, PADD will give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result. Analysis should be done at the Census tract or block group level where appropriate to ensure that proper perspective is given to localized impacts.

If PADD determines that the location of the project will result in a disparate impact on the basis of race, color, or national origin, PADD may only locate the project in that location if there is a substantial legitimate justification for locating the project there, and where there are no alternative locations that would have a less disparate impact on the basis of race, color, or national origin. PADD must demonstrate and document how both tests are met. PADD will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin, and then implement the least discriminatory alternative.

MEANINGFUL ACCESS FOUR FACTOR ANALYSIS

(1) THE NUMBER OR PROPORTION OF LEP PERSONS ELIGIBLE TO BE SERVED OR LIKELY TO BE ENCOUNTERED BY A PROGRAM, ACTIVITY OR SERVICE OF THE RECIPIENT:

FROM THE U.S. CENSUS BUREAU 2019 ACS 5-YEAR ESTIMATES, 58.5 MILLION PEOPLE OF THE U.S. POPULATION WERE HISPANIC OR LATINO ORIGIN MAKING PEOPLE OF HISPANIC ORIGIN THE NATION'S LARGEST ETHNIC OR RACIAL MINORITY. 40.7 MILLION IS THE NUMBER OF U.S. RESIDENTS 5 AND OLDER WHO SPEAK SPANISH AT HOME IN. THIS IS A 135 PERCENT INCREASE SINCE 1990 WHEN IT WAS 17.3 MILLION. THOSE WHO SPEAK SPANISH AT HOME CONSTITUTED 12.5 PERCENT OF U.S. RESIDENTS 5 AND OLDER. MORE THAN HALF OF THESE SPANISH SPEAKERS SPOKE ENGLISH "VERY WELL."

Kentucky Demographics: According to the U.S. Census Bureau, the American Community Survey 5-Year Estimate indicated that Kentucky was ranked 39 out of 50 by percent of population Age 5+ Spanish Speaking. The total number of Spanish Speaking in Kentucky was 113,336 out of a total population of 4,526,154 Age 5+. According to these statistics 2.5% of Kentucky Residents Age 5+ are Spanish Speaking.

PADD has attached the U. S. Census Bureau 2017-2021 American Community Survey 5-Year Estimate data (see page 43) for the Purchase Area Counties of Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Marshall and McCracken as well as the Purchase Region.

(2) THE FREQUENCY WITH WHICH LEP INDIVIDUALS COME IN CONTACT WITH THE PROGRAM, ACTIVITY, OR SERVICE:

The numbers are clearly showing an increase in the number of foreign-born residents in Kentucky as well as an increase in the number of Spanish Speaking residents. PADD will continue to monitor changes in demographics as they become available through Census and Studies. PADD will also work closely with local agencies in an effort to monitor developments in the region.

PADD will monitor the frequency with which LEP individuals come in contact with the program and services. PADD will report all encounters with LEP persons on the OTD Section 5304 Monthly Report. Reporting accuracy will improve with ongoing training and tracking measures implemented.

(3) THE NATURE AND IMPORTANCE OF THE PROGRAM, ACTIVITY, OR SERVICE PROVIDED BY THE PROGRAM:

PADD was originally organized to provide general planning services to local government in the eight county Purchase Region. PADD understands they play an important role in the lives of our community. The individuals utilizing public transportation services in the region need this mobility to maintain a continued quality of life. A LEP person's inability to use public transit may hinder their ability to access health care, education or employment. PADD will continue to outreach to all individuals and promote their efforts. This will increase their need to promote their services for individuals to realize the service is available. When they speak to groups, they make them aware they will assist any individual with LEP.

PADD works with local transportation providers to ensure the availability of lift-equipped vehicles for wheelchair users. PADD strives to promote affordable and efficient community transportation services through this coordination effort. PADD coordinates efforts with local transit agencies to access new equipment for fleet upgrades and to increase services. These services are available to EVERYONE in the general population of the service area and are likely to be sought by LEP persons.

PADD is taking steps in to increase outreach efforts to LEP language groups. For example, PADD has included Google Translate on the agency website.

(4) THE RESOURCES AVAILABLE TO THE RECIPIENT AND FOR LEP OUTREACH, AS WELL AS THE COSTS ASSOCIATED WITH THAT OUTREACH:

These additional language assistance tools will be utilized to assist LEP individuals at no additional cost:

<u>www.freetranslation.com</u> is used to translate Transportation Committee agendas and other documents as necessary.

With adequate notice PADD will use Murray State University's Institute for International Studies interpreters to provide information in other languages. The ESL contact person is Weihong Gao and may be contacted at 270/809-4103. An alternate contact for translation services is Vince Medlock and he can be reached at 270/293-8315.

The University of Tennessee Martin provides a third translation option through their Office of International Affairs. The contact person is Ms. Lori Jackson and she can be contacted at 731/881-3582. Karli Smith is a Program Resource Specialist and she can be reached at 731/881-7420. The International Admissions office can be reached at 731/881-7344.

The US Census 2000 Language Identification Flashcard is available to assist staff in assessing LEP needs.

A Google Translation Browser has been added to the PADD website, so all posted documents are available in multiple languages.

IMPEMENTATION PLAN

Staff Training

Part of PADD's LEP plan is determining what level of staff training is needed. It is important for staff members, especially those having frequent contact with the public, to understand the obligation to provide meaningful access to information and services for LEP persons. Likewise, staff members who are less likely to interact with LEP persons should also be aware of and have a level of understanding of the resources available to PADD for assisting LEP persons. Properly training staff is key in the effective implementation of a LEP plan. Staff will be trained annually to recognize when a LEP person is in need of language assistance and respond by providing information in a format that the LEP person can understand.

LANGUAGE ASSISTANCE MEASURES

- 1. Staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating in English.
- 2. The following resources will be available to accommodate LEP persons:
 - a. A list of volunteer Spanish Language interpreters will be maintained and will provide within a reasonable time period.

b. Language interpretation will be accessed for all languages through a telephone interpretation service for critical need situations.

- 3. Network with local human service organizations that provide services to LEP individuals and seek opportunities to provide information about the transit program and services.
- 4. Include "Spanish" on all job recruitment notices.
- 5. Incorporate an option for machine transition into multiple languages for PADD's website (www.purchaseadd.org).

Outreach Techniques

When the staff prepares a document or schedules a meeting for which the target audience is expected to include LEP individuals, the documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population. Interpreters will be available as requested.

Monitoring and Updating the LEP Plan

This plan is designed to be flexible and is one that can be easily updated. As such, it is important to consider whether new documents and services need to be made accessible for LEP persons, and also to monitor changes in demographics and types of services, and to update the LEP plan when appropriate. At a minimum, the PADD will follow the Title VI program update schedule for the LEP plan. Each update should examine all plan components such as:

- 1. How many LEP persons were encountered?
- 2. Were their needs met?
- 3. What is the current LEP population in the OTO region?
- 4. Has there been a change in the types of languages where translation services are needed?
- 5. Determine whether local language assistance programs have been effective and sufficient to meet the need.
- 6. Determine where PADD's fully complies with goals of this LEP Plan
- 7. Determine whether complaints have been received concerning the failure to meet the needs of LEP individuals
- 8. Maintain a Title VI complaint log, to include LEP issues and basis of complaints.

Safe Harbor Provision

DOT has adopted the Department of Justice's Safe Harbor Provision, which outlines circumstances that can provide a "safe harbor" for recipients regarding translation of written materials for LEP population. The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

SAFE HARBOR ANALYSIS

American Community Survey 5-Year Estimates (2019-2023)

As outlined in the previous chart, the Purchase Area does not contain language group that meets the 1,000 or 5% requirement for written translation of vital documents. The largest LEP groups is Spanish speakers with 905. This is less than 0.5% of the Purchase Area population of 186,508. Nevertheless, PADD will provide good faith efforts to meet the needs of the LEP population, if and when necessary. PADD may determine, based on the Four Factor Analysis, that even though a language group meets the threshold specified by the Safe Harbor Provision, written translation may not be an effective means to provide language assistance measures.

XIII. MINORITY REPRESENTATION

Title 49 CFR Section 21 5(b)(1)(vii) states that a recipient may not, on the grounds of race, color or national origin, "deny a person the opportunity to participate as a member of a planning, advisory or similar body which is an integral part of the program." Recipients that have transit-related, nonelected planning board, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committee.

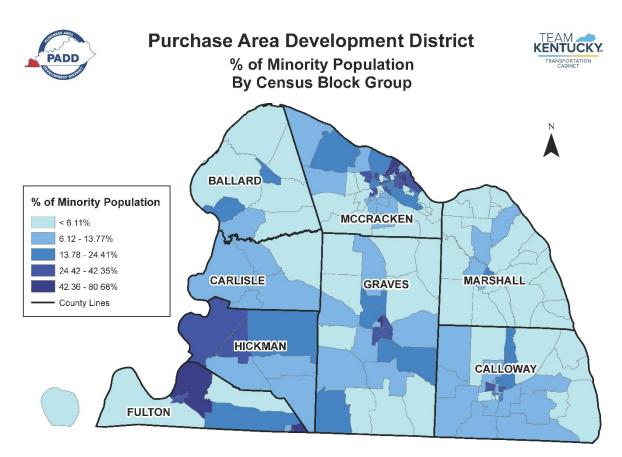

The PADD governing body consists of 34 board members which include local officials and representatives from business and citizens. The board elects a chair, vice-chair, secretary and treasurer every two years. The vice-chair is the chair of the Personnel and Finance Committee.

The board consists of thirty-four members, twenty-six (26) men and eight (8) women with twenty-nine (30) Caucasians and four (4) African Americans.

COUNTY	TOTAL	WHITE	Μ	F	AFRICAN AMERICAN	Μ	F
Ballard	3	3	2	1	0		
Calloway	4	4	3	1	0		
Carlisle	3	3	3	0	0		
Fulton	5	4	4		1	1	
Graves	6	5	3	2	1		1
Hickman	4	3	3	0	1		1
McCracken	5	4	3	1	1	1	
Marshall	4	4	3	1	0		

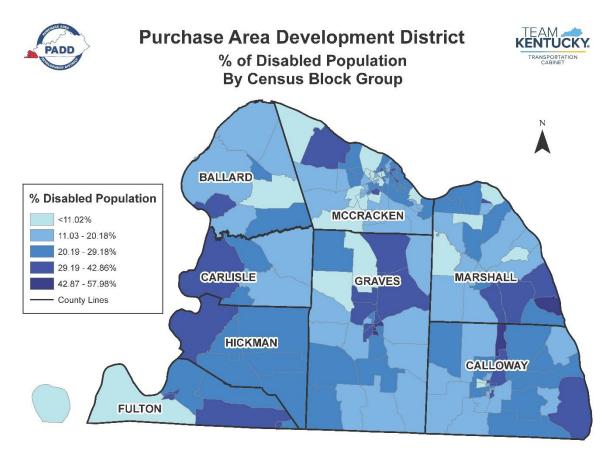

PADD is committed to meeting the needs of the region's citizens and ensuring that no person is excluded from participation in or denied the benefits of its services. Efforts to encourage participation of minorities on the board are a mission of the board of directors. As well, PADD strives to ensure that the composition of the other relevant board members reflects a representation of minority participation. PADD will continue to encourage these groups to consider a minority member to the board.

XV. COMPLIANCE/NONCOMPLIANCE REPORTING

Throughout the year, the Title VI Coordinator periodically meets with the directors and the division heads of PADD to review the policies and procedures relative to Title VI. This includes, but is not limited to, a review of files and statistics of complaints received for investigation and services offered to recipients and beneficiaries of PADD's services.

In the event of noncompliance with this, plan or applicable regulations and laws are determined via a complaint investigation or through the self-survey process; the PADD will make every effort to attain full compliance.

The Title VI Coordinator shall notify the appropriate program head in the event a complaint investigation, compliance review or self-survey indicates noncompliance. The notification shall state the condition of noncompliance, recommended approach to correct the situation, and the time period for the response and corrective action. The Title VI Coordinator may conduct an interview to consult with the program head regarding the correct approach to remedy noncompliance.
