EMPLOYER EXPECTATIONS

CODE OF ETHICS

WHEREAS, the General Assembly of the Commonwealth of Kentucky has enacted legislation requiring all cities and counties to enact and enforce a Code of Ethics governing the conduct of public employees and elected officials no later than January 1, 1995; and

WHEREAS the Purchase Area Development District is comprised of eight (8) county governments and twenty-one (21) cities and is committed to the operation of a regional planning agency that manifests the highest moral and ethical standards among its employees; and

WHEREAS employment with the Purchase Area Development District is recognized as a public trust requiring diligent effort, personal commitment, and sensitivity to the public's confidence in the integrity of its employees.

NOW THEREFORE, BE IT ORDAINED by the Board of Directors of the Purchase Area Development District as follows:

Section 1: Title.

This Resolution shall be known as the "Purchase Area Development District Code of Ethics."

Section 2: Purpose and Authority.

It is the purpose of this resolution to establish the Code of Ethics for the Purchase Area Development District and provide for its application.

Section 3: Standards of Conduct.

Board and staff members should demonstrate the highest standards of personal integrity, truthfulness, honesty, and responsibility in the performance of their duties, assignments, and tasks to inspire public confidence and trust in the Purchase ADD and local government and should seek to improve the quality and image of regional services and local public services. Board and staff members of Purchase ADD hold positions of public trust and should approach their work with dedication and strive to understand and promote the purpose, role and responsibilities of the Purchase ADD and local governments.

While respecting fully the laws and regulations relating to the public's right to know and public access to matters of public policy, public business and public record, board and staff members should respect and protect privileged information to which, in the course of their official duties, they may have access or be exposed; and board nor staff members should use privileged information acquired in the course of their official duties to further their personal interests.

Board and staff members should be dedicated to the concepts of effective and democratic local government by responsible elected officials and accept and support the decisions of these local officials concerning the objectives and nature of the professional services to be performed, unless the course of action to be pursued involves conduct which is unethical or violates the laws of the Commonwealth.

Section 4. Conflicts of Interest.

Board and staff members should avoid any interest or activity which conflicts with the conduct of official duties and should avoid the appearance of conflict of interest, seeking or accepting no favor, personal benefit or profit, individually or for family members or friends, secured by privileged information or by misuse of position, public time or public resources.

Board nor staff members should directly or indirectly solicit any payments or accept or receive any payments or gifts of material value-whether it be in the form of objects, money, services, loans, travel, entertainment, hospitality, or favors-that may be intended, perceived, inferred, expected or construed to influence them in the performance of their official duties or reward any official action on their part.

Board nor staff members should engage in, solicit, negotiate for, or promise to accept private employment nor should they render services for private interests or conduct a private business, when such employment, service, or business creates a conflict with, impairs or detracts from the proper and faithful discharge of their duties or has the potential for a conflict with their duties or responsibilities.

Board and staff members should never conduct themselves in a manner that gives the impression that they can be improperly influenced in the performance of their professional duties and responsibilities; and staff members in the proper and faithful exercise of those duties and responsibilities should maintain complete impartiality, giving no preferential treatment and showing no favoritism in any manner in conduct of work, performance of services, actions, or attitude.

Board and staff members should refrain from the personal use of any public property, equipment, or personnel unless such use has been specifically authorized by the governing body.

Immediate family members are defined as an employee's parent, child, spouse, domestic partner, brother, sister, grandparent, grandchildren, brother/sister-in-law, mother/father-in-law, aunt, uncle, niece, nephew, and any step/half relationships within the preceding categories. The policy also prohibits the hiring of any related family members of the Board of Directors. Employees are required to disclose changes in their personal situations, which may be covered under the Nepotism policy.

The policy is intended to ensure effective supervision, internal discipline, security, safety, and positive morale in the workplace. It also seeks to avoid the perception of favoritism, conflicts in loyalty, discrimination, the appearance of impropriety, and conflicts of interest.

Section 6. Disclosure Policy.

Employees, board members, and members of their *immediate families* should not be excluded from participation in the programs/services offered by the Area Development District. However, their intent to apply and /or participate in any agency program should be disclosed. Area Development District staff who are approached by co-worker(s) or board/committee member(s) regarding programs/services for themselves or their family member(s) should disclose this request.

The term “immediate family” means wife, husband, son, daughter, grandchildren, mother, father, brother, sister, (includes half-brother or sister), brother/sister-in-law, mother-in-law, father-in-law, aunt, uncle, niece, nephew, stepparent, and stepchild.

Thus, the following disclosure procedures will be applied:

Before proceeding with an application or request, the staff member should report, in writing, the intent to make or process an application to his/her immediate supervisor.

The supervisor should document, in writing to the staff member, his acknowledgement of the disclosure and any further action that may be indicated by the staff member. A copy of this correspondence should be forwarded to his/her immediate supervisor.

In some instances, the supervisor may seek further guidance from his/her supervisors regarding this matter. The facts and circumstances pertaining to the request should be forwarded, in writing, to his supervisor.

Again, the person receiving the correspondence should acknowledge it and document any further action needed to the staff member in writing. This process may continue until it reaches the Executive Director.

The Executive Director will periodically report the findings of these written proceedings to the Personnel and Finance Committee.

Any staff member or member of their immediate family (as described above) that will benefit financially from a project recommended and/or developed by the ADD shall be subject to this disclosure policy.

In addition, any staff member who serves on any Board, Commission, or local government should disclose that activity in writing to the Personnel and Finance Committee of the Purchase

ADD.

Section 7. Code of Ethics Board.

The Personnel and Finance Committee of the Purchase ADD should serve as the Board to administer the Code of Ethical Conduct. This body should be the custodian of all records regarding this Code of Ethics. A monthly report will be provided to the board members of the area development district of any reported concerns or alleged violations. Any accusations reviewed by the Personnel and Finance Committee that result in the likelihood that a violation exists will be taken in front of the full board and appropriate action will be taken.

PERSONAL CONDUCT

All members of the board and staff shall be expected to act in accordance with the Code of Ethics adopted by the PADD Board of Directors. If the Code of Ethics is violated, then corrective procedures shall be taken through appropriate Disciplinary Procedures.

Any employee having a personal interest in any matter of PADD business dealings shall disclose that interest and refrain from participating in any discussion or decision related to that matter.

No employee shall be allowed to perform services or work in this region for a fee or other remuneration if that service is available from PADD. POLITICAL ACTIVITIES BY EMPLOYEES

This interaction demands the highest level of cooperation and goodwill between PADD staff members and those public officials and agencies with whom PADD deals. Any activities which might impair or impede such a cooperative relationship, are to be avoided.

It is realized that each staff member has a right and duty to exercise their political rights to support any candidate of their personal choosing. PADD encourages all employees, in their political activities, to avoid conflicts with local government officials. In addition, while representing PADD or on PADD premises, employees cannot display or advocate their personal political preferences.

Time spent on community affairs, when not undertaken at the request of management, shall normally be outside of the employee's regular working hours unless prior approval from their supervisor is granted.

PADD may identify certain community activities in which it desires to be represented. An employee may be sponsored for participation or membership in organizations. Employees so designated will represent PADD in the organization and shall be expected to promote PADD's interest.

Involvement in community affairs by an employee/employer shall be upon mutual agreement between the two parties. Under no circumstances shall an employee be forced to be a member.

Employees have a responsibility when expressing opinions in a public forum to make clear whether the opinion is a personal one or an opinion of PADD. The Executive Director must approve any public communication that might be considered as representing PADD in advance.

Employees shall not discuss internal confidential affairs in any public forum.

- 1) On the first occasion, the supervisor shall discuss the inappropriate clothing with the employee and review the dress policy.
- 2) On the second occasion, the employee may be sent home to change to appropriate clothing.
- 2) Further violations may result in a meeting with the Executive Director.

This policy applies to all PADD employees. All PADD employees are expected to refrain from any conduct that rises to the level of harassment based upon any of these above protected statuses. The Workplace Harassment Policy Certification each employee is required to sign assuring compliance is located at the end of this Manual.

WHAT IS SEXUAL HARASSMENT?

WHAT ARE OTHER FORMS OF HARASSMENT?

Harassment may take other forms such as when an employee is subjected to an intimidating or hostile work environment because of the employee's race, age, national origin, religion, disability, pregnancy, military status, or membership in any other legally protected group. This would include disparaging remarks and epithets directed toward an employee based upon these protected statuses. This type of harassment will not be tolerated in the workplace by any employee or outside vendor or supplier or invitee.

PROCEDURE FOR FILING HARASSMENT COMPLAINTS

In support of its commitment to maintain an environment free of workplace harassment, PADD will treat all claims confidentially as possible, and will investigate any claims as promptly and confidentially as possible. All employees are required to cooperate in any investigation. If you believe you are being subjected to harassment in violation of this policy, you should immediately report the offending conduct to your immediate supervisor. If you are uncomfortable about reporting it to your immediate supervisor or if your immediate supervisor is the subject of your complaint, you should immediately report the conduct to the Executive Director and/or any Associate Director. No person will be reprimanded or retaliated against in any way for initiating an inquiry or complaint in good faith or participating in any investigation in good faith. Falsely accusing another employee of harassment and/or providing false information during an investigation is prohibited and will subject the employee to discipline. If the company determines that harassment has occurred based on an investigation, then the employee who is found to have engaged in the harassment will be subject to appropriate action by PADD up to and including termination, depending on the circumstances. Offending non-employees, customers and suppliers may be asked to leave the premises and not to return.

DRUG FREE WORKPLACE

The purpose of this policy is to ensure public safety and to maintain a safe, and productive work environment for all employees by preventing accidents or other dangerous incidents that may result from drug or alcohol use. The possession, use, or sale of alcohol on company premises during work hours is strictly prohibited. Further, the possession, use or sale of illegal drugs is prohibited at any time.

Although PADD is not subject to the jurisdiction of DOT/USCG, drug testing shall nevertheless be conducted in accordance with DOT/USCG rules and regulations. Specifically, individuals will be tested for the presence of controlled substances or alcohol and will be subject to pre-employment, reasonable cause, and post-accident drug testing. Such individuals must test negative for the presence of controlled substances.

Each employee is hereby notified that they shall inform the Executive Director within five (5) days of any criminal drug statute arrest and/or conviction. Upon receipt of this information, PADD will take appropriate action.

The employer is not required to pay for this rehabilitation. Any employee found to be in violation and convicted by the court is subject to immediate dismissal. Any employee who fails to cooperate with the requirements set forth in this policy, including refusal to test, failure to provide a specimen within a reasonable time, failure to report for a scheduled appointment to provide a specimen or adulteration of a specimen, will be subject to disciplinary action which may include immediate termination of employment.

The Purchase Area Development District strictly prohibits the use, possession and/or sale of illegal drugs, drug paraphernalia or unsanctioned use of alcohol on company premises or in company vehicles. The Purchase Area Development District will cooperate fully with public authorities in the prosecution of anyone in violation of said prohibition.

WORKPLACE VIOLENCE POLICY

Statement of policy

The PADD has a duty to provide a safe workplace for all employees. To ensure this obligation is fulfilled, we have implemented the following workplace violence policy. To ensure compliance, all employees must read and acknowledge their understanding of the provisions included herein.

Unacceptable conduct

The Company expressly prohibits all conduct that can be directly or indirectly construed as workplace violence in/on its buildings and grounds. Accordingly, all employees are strictly forbidden from:

- Instigating or engaging in a physical altercation or engaging in any other conduct that results in physical injuries to another person.
- Making direct or indirect threats.
- Engaging in overtly aggressive or hostile conduct that causes others to experience legitimate fear for their safety and/or emotional distress.
- Deliberately vandalizing property belonging to the PADD or any employee thereof.
- Behaving in any manner consistent with domestic violence or sexual harassment.

Reporting workplace violence and related concerns

To maintain a safe workplace, employees must be able to report concerns about the potential for and/or actual incidents of workplace violence to Human Resources/management without fear of reprisal. Accordingly, any such reports may be made anonymously, and appropriate steps will be taken to protect the reporting party's identity. The outcome of an investigation conducted solely by the PADD will be shared with relevant parties. However, the PADD also has the right to contact authorities and request intervention when necessary.

Limiting risk

The PADD encourages all employees to use sound reasoning and good judgment when identifying and reporting co-workers, other persons, or incidents of concern to Human Resources/management. These may include but are not limited to:

- Anyone who displays obvious signs of emotional instability (including stress, anger, hostility and so forth).
- Anyone who makes implied or outright threats.

- Anyone whose job performance changes drastically.

Employee response to dangerous and/or emergency situations

Any employee who comes across someone engaged in the commission of workplace violence with a dangerous weapon should not try to disarm them. Try to stay calm, keep eye contact and talk to the perpetrator. Alert someone in charge if it can be done without endangering yourself or anyone else. All employees should follow emergency protocol.

Understanding and compliance

All Company employees are expected to understand and comply with this policy.

In an effort to promote the effectiveness of this policy, ensure the wellbeing of its employees and prevent workplace violence, the PADD will:

- Oversee applicable programs.
- Encourage employees to report persons and incidents of concern in a timely fashion.
- Provide counseling and other relevant assistance to employees directly or indirectly affected by threatening or violent behavior in the workplace.
- Ensuring that protocols are in place to address potential or actual workplace violence.

Application of policy

The PADD does not tolerate implied or overt threats, aggressive conduct, or violence in the workplace. Any employee accused of engaging in any such conduct will be investigated. Should the investigation determine that the accused engaged in such conduct, he or she will be subject to disciplinary measures up to and including termination. The PADD will also ensure that any individual it does not employ who engages in prohibited conduct is reported to the appropriate authorities and prosecuted to the fullest extent of the law.

Disability Nondiscrimination Policy

The Purchase Area Development District is committed to providing individuals with disabilities the opportunity for full participation in its programs, services, and activities through its compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, as amended by the ADA Amendments Act of 2008.

The Purchase Area Development District recognizes that individuals with disabilities may need accommodations or modifications to have equal opportunities to participate in or benefit from the PADD's programs, services, and activities. It is PADD's policy that no otherwise qualified individual with a disability will be denied access to or participation in any program, service, or activity offered by the agency. The PADD will administer programs, services, and activities in the most integrated setting appropriate to the needs of qualified individuals with disabilities.

The PADD will provide at no cost appropriate auxiliary aids and services including, for example, qualified interpreters to individuals who are deaf or hard of hearing, and to other individuals as necessary to ensure effective communication or an equal opportunity to participate fully in the

programs, services, and activities provided by Recipient in a timely manner and in such a way as to protect the privacy and independence of the individual.

Individuals with disabilities have a right to request accommodation(s). Individuals will receive accommodation(s) appropriate to their needs in order to fully participate in or benefit from the PADD's services and activities in a non-discriminatory, integrated setting.

The Purchase Area Development District and any of its agents will not coerce, intimidate, retaliate against, or discriminate against any individual for exercising a right under the ADA or Section 504, or for assisting or supporting another to exercise a right under the ADA or Section 504.

This Program and Policy applies to all of the PADD's subrecipients, agents, employees, and contractors.

Definitions

A. Disability means, with respect to an individual:

- a physical or mental impairment that substantially limits one or more of the person's major life activities;
- a history of such an impairment; or
- being regarded as having such an impairment.

B. Qualified Individual with a Disability is someone who (with or without accommodations) meets the essential eligibility requirements for participating in the PADD's programs, services, and activities.

C. Accommodation means adjustments including reasonable modifications to rules, policies, or practices; environmental adjustments such as the removal of architectural, communication, or transportation barriers; or auxiliary aids and services. Examples of accommodations include, but are not limited to scribe, interpreter, environment free of distractions, material in Braille, tapes, and computer-assisted instruction.

Nondiscrimination Coordinator

The Nondiscrimination Coordinator will coordinate the PADD's efforts to comply with Section 504 and ADA, including ensuring the following:

A. The PADD will adopt and make readily available in suitable formats (e.g., enlarged, Braille, audio-taped):

- a procedure that allows an individual to disclose a disabling condition and request accommodations believed needed to obtain equal access to and enable participation in the PADD's programs, services, and activities.
- a procedure for maintaining personal information in a manner that protects the privacy and independence of the individual; and
- a procedure for providing accommodations.

B. The PADD will maintain data on the nature and extent of the services provided to individuals with disabilities and develop data collection requirements as part of the operational guidelines for implementing this policy.

C. The PADD will provide accommodations to allow individuals with disabilities to participate in or benefit from the agency and its programs, services, and activities in the most integrated setting appropriate.

D. The PADD will utilize the grievance procedures set forth in its nondiscrimination program and policy for providing prompt and equitable resolution of complaints alleging any action that would violate Title II of the ADA or Section 504. These procedures should be applicable to any anticipated complaint, including an appeal of a denied accommodation request.

E. The PADD will provide services that are required to comply with ADA and Section 504 free of charge.

F. The PADD will provide periodic in-service training for faculty and staff to develop their awareness and understanding of the needs of individuals with disabilities and legal compliance issues.

Facility Accessibility

Consistent with the PADD's self-assessment, the agency will consider the extent to which any PADD facilities are "public facilities" or will be used by the public. The PADD will operate its programs and activities out of those facilities consistent with 40 C.F.R. § 7.65 so that, when each program or activity is viewed in its entirety, it is readily accessible to and usable by individuals with disabilities.

A. Existing Facilities:

1. Structural changes in existing facilities are not required when other methods provide program accessibility. Such methods include:

- a. Redesigning equipment or the facility after case review.
- b. Providing appropriate signage directing people to accessible features.
- c. Reassigning staff, or services to accessible sites.

2. Evacuation procedures will be developed by Recipient for individuals with disabilities.

B. New Construction:

Each facility or part of a facility constructed by, on behalf of, or for the use of the Recipient must be designed and constructed in such a manner that the facility is readily accessible to and usable by persons with disabilities. Alterations to existing facilities shall, to the maximum extent feasible, be designed and constructed to be readily accessible to and usable by individuals with disabilities.

c. Off Site:

Contractual or lease agreements for the use of non-PADD facilities should reflect efforts to secure accessibility. Any program, service, or activity in that facility must be accessible. If a program, service, or activity is not wholly operated by the PADD, the agency will attempt to assure that these programs, services, or activities provide an equal opportunity for the participation of individuals with disabilities.

Accommodation(s):

No participant with a disability in a PADD program, service or activity will be denied the benefits of, be excluded from participation in, or be otherwise discriminated against in the provision of services available to all individuals in general.

Everyone is responsible for making requests regarding accommodation(s) to meet their needs to enable the PADD to provide an appropriate response to the accommodation request.

All auxiliary aids, services, or other accommodations used by individuals with disabilities to provide access to PADD programs, services, and activities need not be always on hand or present.

Accommodations are not required that fundamentally alter the nature of the program, service, or activity; require waiver of essential program or licensure requirements; violate accreditation requirements; or pose an undue hardship or burden on the PADD.

In determining appropriate accommodations, the PADD considers the wishes of the individual, and in certain appropriate circumstances, for example, the documentation provided and institutional expertise in working with individuals with disabilities.

The PADD will not require an individual with a disability to accept an accommodation, aid, service, opportunity, or benefit under any circumstances.

Only the Executive Director has the authority to close the Purchase Area Development District offices. Managers do not have the authority to send employees home because of weather conditions. Questions concerning this matter should be directed to the appropriate Associate Director.

LABOR LAWS, OVERTIME AND COMPENSATORY LEAVE POLICY

I. Kentucky Wage and Hour Laws

A. Compliance

PADD shall comply with the provisions of the applicable state and federal wage and hour laws.

II. Standards

PADD shall comply with the applicable provisions of the state and federal wage and hour laws. Each employee shall be classified as exempt or non-exempt according to the definitions contained in the applicable regulations. The classification of exempt or non-exempt is used only to determine if the applicable overtime provisions apply to the employee.

A. Classifications

- 1) The following shall be used to identify the classification of each employee.

Exempt - Exempt employees, as defined in the applicable regulations, are exempt from overtime pay.

Non-exempt - Non-exempt employees, as defined by the applicable regulations, are subject to overtime pay in the manner prescribed in this policy.

- 2) PADD shall review each employee's position duties and responsibilities and apply applicable exemption tests to determine if an employee is exempt or non-exempt. If an employee changes positions, the exemption tests shall be applied to the new position.

B. Recordkeeping

PADD shall maintain records for each employee identifying their classification as either an exempt or non-exempt employee.

III. Approval of Hours in Excess of Standard Work Hours

A. Standard Work Hours

PADD's standard work hours shall consist of 7.5 hours per day and 37.5 hours per workweek. The standard workweek is defined in the Work Hours Policy.

B. Prior Approval

All non-exempt employees must receive prior approval from their Associate Director or the Executive Director for any hours to be worked in excess of the standard work hours including the following:

- 1) hours in excess of 7.5 hours per workday; or
- 2) hours outside assigned working hours; or
- 3) hours in excess of 37.5 hours per work week.

C. Emergencies

Hours to be worked in excess of standard work hours resulting from emergency situations where an employee cannot obtain prior written approval due to both the Associate Director and the Executive Director being out of the office will be reviewed on an individual basis by the Associate Director and the Executive Director.

D. Modification of Work Schedules

PADD reserves the right to modify work schedules in any given workweek so that an employee shall not work in excess of 40.0 hours per workweek.

IV. Non-Exempt Employees

Non-exempt employees, as defined by the applicable regulations, are subject to overtime pay in the manner prescribed in this policy.

A. Computing Overtime Hours

Only actual hours worked per workweek will be used for purposes of computing overtime hours for non-exempt employees. Any time taken as annual leave, sick leave, holiday, or any leave of absence shall not constitute working hours for the purpose of computing overtime hours.

B. Rate of Overtime Pay

Employees classified as non-exempt shall earn overtime pay at the rate of one and one-half times their regular rate of pay for actual hours worked in excess of 40 hours per workweek.

C. Payment for Actual Overtime Hours Worked

Non-exempt employees whose actual hours worked exceed 40 hours per work week shall be paid for the overtime hours in the pay period immediately following the pay period in which the overtime occurred.

D. Donated Time

Non-exempt employees shall not donate work time to PADD at any PADD office or other location.

E. Compensatory Time

Hour for hour compensatory time, as a rule, shall not be allowed. However, where the programs of PADD would require a non-exempt employee to work in excess of 37.5 hours during a work week, that employee will be given hour for hour compensatory leave time up to 2.5 hours. Requests for use of time must be submitted in advance to the supervisor and Associate Director and shall be used within the same week it was earned. Under no circumstances shall a non-exempt employee work more than 40 hours in a given week without the express consent and approval of their Associate Director and the Executive Director. In the event a non-exempt employee is required to work more than 40 hours in a work week, the employee shall be entitled to compensatory leave at a rate of one and a half hours off for every hour worked in excess of 40. The compensatory leave must be taken within the next pay period and under no circumstances is any employee permitted to accrue compensatory leave beyond the next pay period it was earned.

V. Exempt Employees

Exempt employees, as defined in the applicable regulations, are exempt from overtime pay.

Under certain circumstances such as times when an exempt employee has worked a substantial amount of time beyond 40 hours in a workweek, compensatory time for some portion of hours worked beyond 40 hours in a work week may be taken if approved by the appropriate Associate Director and Executive Director. Exempt employees are not entitled as a matter of right to compensatory leave except if permitted by the appropriate Associate Director and Executive Director. Under no circumstances shall the exempt employee be permitted to accrue compensatory leave time.

VI. Time Clock Policy & Procedure

Policy: Each employee is required to have a record of hours worked. These hours are recorded in the timekeeping system and employees are responsible for its accuracy. Employees may not clock in or out for another person. Falsification of timesheets is strictly prohibited and will result in disciplinary action up to and including termination.

Purpose: To establish guidelines for employees to have a record of hours worked using our timekeeping system.

Procedures

The following regulations will apply:

1. Employees are required to clock in prior to their assigned start time and must clock out when they go off duty.
2. Employees are required to clock out any time they leave the work site for any reason other than assigned work duties.
3. Unless permission to do otherwise by the employee's supervisor, no non-exempt employee may clock in more than 5 minutes prior to the start of their shift. Non-exempt employees may not clock out more than 5 minutes following the end of their work time.
4. Clocking in within the timeframe specified in item three, will be calculated as an on-time report for duty.
5. Non-exempt employees will be paid from time sheets verified by actual recorded times in the time keeping system. Any adjustments to the recorded time must be approved by the employee's supervisor. Employees will be accountable to their supervisor for any manual changes submitted.
6. Employees must clock out for their designated lunch time.
7. Non-exempt employees must obtain prior permission to work any hours in excess of 37.5 per week from their supervisor.

Violations of these procedures may result in disciplinary actions; including oral or written warnings, suspension without pay and/or termination. Under no circumstance may one employee clock in or out for another employee. Any employee participating in this type of violation will face immediate termination.

PAY PRACTICES, PERIODS AND PROCEDURES

Employees shall be compensated bi-weekly, every other Friday. In the event the payday occurs on a weekend, employees will be compensated prior to the close of business on the last working day.

PADD utilizes direct deposit through a local bank for employees' payroll. A Direct Deposit Authorization Form shall be submitted to the Finance Department.

FRINGE BENEFITS

PADD provides a comprehensive package of employee benefit programs for its employees.

Complete and official details of insurance and benefit plans are contained in the individual booklets that employees receive when they are enrolled in the plan. The descriptions listed below are only brief summaries for your general information.

Our group health and dental insurance plans may be continued after you terminate employment under the provisions of the federal law of the Consolidated Omnibus Reconciliation Act (COBRA). Your health insurance plan booklet defines the COBRA continuation coverage available after termination.

The following benefits are available to regular full-time employees. Part-time and temporary employees are not eligible for participation.

Health Insurance:

Because the PADD is part of the state insurance, the PADD will follow the state guidelines for insurance withholding.

Dental Insurance:

PADD provides dental insurance to regular full-time employees.

Life and Disability Insurance:

Life insurance is effective immediately upon employment. Disability insurance is effective after 60 workdays. The PADD pays 100% of both premiums.

Social Security and Medicare Taxes

Regular full-time employees are exempt from Social Security taxes.

Part-time and temporary employees not eligible for the retirement program are subject to social security taxes.

All employees hired after 3/31/86 are subject to Medicare taxes.

Unemployment Compensation:

All employees are covered under the State Unemployment Act. PADD pays the entire cost of unemployment compensation.

Workers Compensation:

PADD operates under the provisions of the Kentucky Workers Compensation Act that provides benefits for injuries incurred while on the job. PADD pays the entire cost of the Workers Compensation Insurance policy. All injuries filed under Workers Compensation insurance are subject to a drug screen.

RETIREMENT

PADD employees participate in the Kentucky County Employees Retirement System (CERS) and the Kentucky Public Employees Deferred Compensation Plan (401-K) and the Purchase Area Development District KY 401A Plan.

PADD shall contribute the required percentage for eligible employees who participate in the CERS Pension Plan. In addition, the employee is required to make a mandatory contribution of 5.00% to the CERS Pension Plan through payroll withholding. Employees hired after September 1, 2008, are required to contribute an additional 1% unless they had prior participation in the Kentucky retirement system plan. The Board of Directors of the Kentucky Retirement Systems determines the employer rate for the Kentucky CERS. The employee rate is established by legislation by the Kentucky General Assembly.

Participation in the 401-K plan will range from ~~required minimum of 1%~~ to the Kentucky Public Employees Deferred Compensation Plan (401K) allowed maximum of adjusted gross annual compensation. The district has an incentive program in place to match certain levels of employee contributions.

Temporary employees participate in the CERS plan for each month they average working 100 or more hours after they have completed twelve months of employment.

Part time employees participate in the CERS plan each month they average working 100 or more hours.

All retiring employees are asked to give appropriate notification dependent upon their retirement plan.

Retiring employees shall be eligible to reapply for future employment. All CERS guidelines will be followed.

ANNUAL LEAVE POLICY

PADD encourages and requires each regular full-time employee to take annual leave as paid time off away from work. The purpose of annual leave is to provide the employee with a restful break and/or to handle personal matters.

Annual leave may be taken in 15-minute increments. Any portion of 15 minutes shall be counted as 15 minutes.

All annual leave must have the prior approval of your supervisor and the Associate Director. In their absence, another Associate Director or the Executive Director may approve annual leave. Prior to taking annual leave, the employee shall inform their supervisor and the receptionist when they plan to leave the office and when they will be returning.

Regular full-time employees shall earn annual leave based on years of service as follows, accruals will begin upon hire:

Years of Service	Monthly Accrual Schedule
0-4.99 Years	1 day per month or 7.5 hours
5 -9.99 Years	1 ¼ days per month or 9.5 hours

10-14.99 Years	1 ½ days per month or 11.25 hours
15 Years and over	1 ¾ days per month or 13.25 hours

The maximum accumulation of annual leave for any employee shall not exceed 40 days or 300 hours at the end of the calendar year.

An employee shall be paid for the remaining balance of their annual leave, not to exceed 40 days or 300 hours, at their termination date, provided he/she has given a minimum of two weeks' notice and is up to date with all programmatic job responsibilities (i.e. case notes, home visits, reports, etc.). Annual leave payout due to involuntary termination is at the discretion of the Executive Director.

SICK LEAVE POLICY

Sick leave may be granted for personal illness, hospitalization, or doctor's appointment of an employee. Sick leave may be used for six to twelve weeks for maternity care or care of an adoptive child. This policy shall be adhered to in accordance with the Family Medical Leave Act (FMLA) policy.

An employee may also use their sick leave for the hospitalization or illness of an immediate family member, when necessary. Immediate family shall be defined as: spouse, children, foster children, step-children, grandchildren, parents, and significant others living in the employee's household.

An employee may use sick leave for bereavement as defined in the Bereavement Policy. Regular full-time employees shall earn sick leave at a rate of 1.25 days or 9.5 hours per month, the accruals will begin upon hire. Sick leave may be taken in 30-minute increments. Any portion of 30 minutes shall be counted as 30 minutes. The maximum accumulation of sick leave for any employee shall not exceed 120 days or 900 hours at the end of the calendar year. Sick leave is forfeited at the time the employee leaves employment. Temporary and part-time employees shall not earn sick leave.

The employee shall notify their supervisor as soon as possible of any sick leave. The employee shall submit sick leave for doctor's appointments for approval in advance by their supervisor. If an employee calls in sick, the employee shall complete a sick leave record immediately upon their return to work and submit it to their supervisor for approval. PADD will require a doctor's excuse for more than 3 consecutive days of sick leave.

If an employee is on disability or medical disability leave of absence, the employee must return to work when their doctor or if appropriate, a company-appointed doctor determines that the employee is able to resume normal duties.

Once an employee meets the requirements of the long-term disability policy and is eligible to receive disability benefits, they will no longer be on paid sick leave. The employee shall retain any accumulated balance of sick leave they have at that time and this sick leave will be available to them upon their return to work.

PADD may require an employee who has been on extended sick leave to submit a doctor's release that states that the employee may return to work and state any limitations, if applicable.

PADD shall pay the employer portion of the premiums for health, dental, disability and life insurance for employees on involuntary leave without pay until such time that the employee is eligible for benefits under PADD's long-term disability insurance. Before the employee is eligible for long-term disability benefits, the employee shall be responsible for only their portion of the insurance premiums.

Once the employee is eligible for long-term disability benefits, the total premiums for health, dental, disability and life insurance shall become the responsibility of the employee.

If an employee does not return to work after taking involuntary leave without pay and is not eligible to receive disability benefits under PADD's long-term disability policy, then the employee must reimburse PADD for the insurance premiums paid by PADD for the employee during the time they were on involuntary leave without pay.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

As provided by the 1993 Family and Medical Leave Act (FMLA), all eligible employees shall be entitled to take up to 12 weeks of unpaid, job-protected leave during any 12-month period for specified family and medical reasons.

Covered Family and Medical Reasons. An eligible employee shall be entitled to 12 weeks of unpaid leave during a 12-month period for one or more of the following reasons:

1. the birth or placement of a child for adoption or foster care.
2. to care for an immediate family member (spouse, child, or parent) with a serious health condition; or
3. to take medical leave when the employee is unable to work because of a serious health condition.
4. a serious health condition, which shall be defined as an illness of a serious and long-term nature resulting in recurring or lengthy absences. Treatment of such an illness would occur in an inpatient situation at a hospital, hospice, or residential medical care facility, or would consist of continuing care provided by a licensed health care provider.

An employee may take leave if a serious health condition makes the employee unable to

perform the functions of his/her position. Employees with questions about whether specific illnesses are covered under this policy or under PADD's sick policy are encouraged to meet with the Human Resources manager.

Employee eligibility. An employee shall be entitled to family leave when he/she meets the following criteria:

1. The employee has worked for at least 12 months for PADD. The 12 months need not have been consecutive. (If the employee was on the payroll for part of a week, PADD will count the entire week. PADD considers 52 weeks to be equal to 12 months.)
2. The employee must have worked for the employer for at least 1,250 hours over the 12 months before the leave would begin.
3. The employee must work in an office that employs 50 or more employees, or there must be 50 employees within 75 miles of the office or worksite. At PADD, all employees work within a 75-mile radius of PADD's office.

Calculation of Leave. Eligible employees can use up to 12 weeks of leave during any 12-month period. PADD will use a rolling 12-month period measured backwards from the date an employee uses any FMLA leave. Each time an employee uses leave, PADD computes the amount of leave the employee has taken under this policy, subtracts it from the 12 weeks, and the balance remaining is the amount the employee is entitled to take at that time. For example, if an employee has taken 5 weeks of leave in the past 12 months, he or she could take an additional 7 weeks under this policy. Should the full amount of FMLA leave be exhausted by the employee during the rolling 12-month period, his or her employment may be terminated.

Maintenance of Benefits. An employee shall be entitled to maintain group health insurance coverage on the same basis as if he/she had continued to work at PADD. To maintain uninterrupted coverage, the employee will have to continue to pay their share of insurance premium payments. This payment shall be made either in person or by mail to the PADD Finance Department by the 25th day of the month. If the employee's payment is more than 30 days overdue, then the coverage will be dropped by PADD.

If an employee informs PADD that he/she does not intend to return to work at the end of the leave period, PADD's obligation to provide health benefits ends. If an employee chooses not to return to work for reasons other than a continued serious health condition, PADD will require the employee to reimburse PADD the amount that PADD contributed towards the employee's health insurance during the leave period.

Certain types of earned benefits such as seniority may not be accrued during the leave period. However, the use of family medical leave will not be considered a break in service when vesting or eligibility to participate in benefit programs is being determined.

Job Restoration. An employee who utilizes family or medical leave under this policy will be restored to the same job or a job with equivalent status, pay, benefits, and other employment terms.

PADD reserves the right to request a fitness for duty certification from the employee's health provider.

PADD may choose to exempt certain highly compensated, "key" employees from this job restoration requirement and not return them to the same or similar position at the completion of FMLA leave. Employees who may be exempted will be informed of this status when they request leave. If PADD deems it necessary to deny job restoration for a key employee on FMLA leave, PADD will inform the employee of its intention and will offer the employee the opportunity to return to work immediately.

Use of Paid and Unpaid Leave. If an employee has accrued paid leave of less than 12 weeks, the employee will use paid leave first and take the remainder of the 12 weeks as unpaid leave. The use of the employee's sick and other accrued leave shall run concurrently with FMLA leave.

Intermittent Leave and Reduced Work Schedules. In certain cases, intermittent use of the 12 weeks of family or medical leave or a part of a reduced work week may be allowed by PADD. Employees wishing to use leave intermittently or to utilize a reduced workweek for birth or adoption purposes will need to discuss and gain approval for such use from the Executive Director.

Employees may also use family or medical leave intermittently or as part of a reduced workweek whenever it is medically necessary. If the need to use leave is foreseeable and based on preplanned and prescheduled medical treatment, then the employee is responsible to schedule the treatment in a manner that does not unduly disrupt the PADD's operations. This provision is subject to the approval of the health care provider.

In some cases, PADD may temporarily transfer an employee using intermittent or a reduced workweek to a different job with equivalent pay and benefits if another position would better accommodate the intermittent or reduced schedule.

PROCEDURES:

Procedure for requesting leave. All employees requesting leave under this policy must complete the Family/Medical Leave form available from the Associate Director of Finance.

When an employee plans to take leave under this policy, the employee must give PADD 30 days' notice. If it is not possible to give 30 days' notice, the employee must give as much notice as is possible. An employee undergoing planned medical treatment is required to make a reasonable effort to schedule the treatment to minimize disruptions to PADD's

operations. While on leave, employees are requested to report weekly to PADD regarding the status of their medical condition, and their intent to return to work.

Procedure for Notice and Certification of Serious Health Condition. On occasion, PADD may require the employee to provide notice of the need to utilize leave (where it is possible to know beforehand) and/or may require the employee to provide certification of an employee's or immediate family member's serious health condition by a qualified healthcare provider. The employee should try to respond to such a request within 5 days of the request or provide a reasonable explanation for the delay.

Qualified health care providers include: Doctor of Medicine or osteopathy, podiatrists, dentists, clinical psychologists, optometrists, and chiropractors, nurse practitioners and nurse-midwives authorized to practice under State law and performing within the scope of their practice under state law; and Christian Science practitioners listed with the First Church of Christ, Scientist in Boston, Massachusetts.

When seeking certification of a serious medical condition, an employee should ensure that the certification contains the following:

1. Date when the condition began; expected duration; diagnosis; and a brief statement of treatment.
2. If employee is seeking medical leave for his/her own medical condition, certification should also include a statement that the employee is unable to perform the essential functions of the employee's position.
3. For a seriously ill family member, the certification should include a statement that the patient requires assistance, and that the employee's presence would be beneficial or desirable.
4. If taking intermittent leave or working a reduced schedule, certification should include dates and duration of treatment and a statement of medical necessity for taking intermittent leave or working a reduced schedule.

If deemed necessary, PADD may ask for a second opinion. PADD will pay for the employee to get certification from a second doctor, which PADD will select. If there is a conflict between the original certification and the second opinion, PADD may require the opinion of a third doctor. PADD and the employee will jointly select the third doctor, and PADD will pay for the opinion. The third opinion will be considered final.

LEAVE OF ABSENCE WITHOUT PAY

The Executive Director may authorize up to 30 calendar days for leave without pay. Leave without pay may only be taken in extreme instances and only with the advance permission of the Executive Director. Employees who have exhausted all of their accumulated paid time off as well as any sick bank time may request leave without pay status from the Executive Director. The request should specify the extreme situation that

precipitated the request, as well as the reason for the lack of paid leave that could otherwise be used. Leave without pay may not be used to extend vacations or take days off; it only accompanies a critical situation.

BEREAVEMENT LEAVE POLICY

The purpose of the bereavement pay policy is to prevent the loss of wages at an already difficult time. As such, it allows up to a maximum of three (3) days regular pay for lost time during regularly scheduled workdays. It does not apply to days when the employee is not scheduled to work.

An employee may use up to 3 days, this may include the day of death up to one day after the burial, bereavement leave with pay for working time lost in connection with the death or funeral of someone in your immediate family. The employee's immediate family includes spouse, father, mother, children, step-children, grandchildren, grandparents, brother, sister, father-in-law, mother-in-law, sister-in-law, brother-in-law, daughter-in-law, son-in-law, spouses grandparents, or any person who has assumed a parental relationship with the employee, and any member of the employee's household.

For any other family members, up to 1 day of sick leave may be used to attend the funeral.

For non-family deaths, an employee may use annual leave to attend the funeral. In the event that an employee attends the funeral or visits the funeral home of a PADD associate, the time shall be considered work and not be counted toward sick or annual leave, as approved by the Supervisor/Associate Director.

MILITARY LEAVE OF ABSENCE POLICY

Extended Military Leave

In a declared war, a military leave of absence without pay will be granted if an employee is inducted or recalled to active duty in the Armed Forces of the United States for a period of up to four years (plus any involuntary extension for not more than one year).

Employees who perform and return from military service in the Armed Forces, the Military Reserves, or the National Guard will retain such rights with respect to reinstatement, seniority, annual leave, layoffs, compensation, and length of service pay increases as required by applicable federal and state laws.

Short-Term Military Leave for Training

PADD will adhere to KRS 61.394 that states, "All officers and employees of this state, or of any department or agency thereof who are members of the national guard or any reserve component of the Armed Forces of the United States, or of the reserve corps of the United States Public Health Service, shall be entitled to leave of absence from their respective duties, without loss of time, pay, regular leave, impairment of efficiency rating, or of any other rights or benefits to which they are entitled, while in the performance of duty or training in the service of this state or of the United States under competent orders, for a period in any calendar year not to exceed that specified in this section. Officers or employees while on leave shall be paid their salaries or compensations for a period or periods not exceeding 15 calendar days or 10 working days if the employee's position is based upon a 5-day workweek; 12 days if the employee's position is based upon a 6-day workweek; 15 days if the employee's position is based upon a 7-day work week, in any one federal fiscal year."

PADD will pay the full salary of an employee for up to 10 working days for the annual military leave.

VOTING DAY POLICY

PADD encourages employees to fulfill their civic responsibilities by voting and may take whatever reasonable time is necessary to do so, up to four (4) hours. To ensure PADD business is not interrupted, employees must coordinate their time off for voting with their immediate supervisor.

Entitled to vote means that you are a registered voter and are eligible to vote in the election for which you are requesting voting leave. Any employee who exercises their right to vote leave under this section but fails to cast a vote, under circumstances which did not prohibit them from voting, will be subject to disciplinary action, up to and including termination.

JURY DUTY POLICY

PADD encourages employees to fulfill their civic responsibilities by serving jury duty when required.

Any employee who is called to serve as juror will receive time off with pay for any regularly scheduled work time lost due to such service. Employees shall remit any jury duty pay they receive from the court to PADD. Employees shall remit the jury duty notice to PADD to receive time off with pay.

Employees must show the jury duty summons to their supervisor as soon as possible so that the supervisor may make arrangements to accommodate the employee's absence. The employee is expected to report for work whenever the court schedule permits.

Any applicable benefits will remain in effect and unchanged for the full term of the jury duty absence. Accrual for benefits calculations, such as annual leave, sick leave, or holiday benefits, will not be affected during jury duty leave.

WITNESS DUTY POLICY

Employees may be required to appear in court for witness duty, to give depositions, or after being subpoenaed.

The subpoena should be shown to the employee's supervisor immediately after it is received so that the work schedule can be adjusted, where necessary, to accommodate the employee's absence. The employee is expected to report to work whenever the court schedule permits.

Any employee who has been subpoenaed as a witness, or to give a deposition, on a work-related matter, will receive paid time off for the entire period when the employee does not have a vested interest.

Any applicable employee benefits will remain in effect and unchanged for the full term of time off for witness duty or giving a deposition. Accrual for benefits calculations, such as annual leave, sick leave, or holiday benefits, will not be affected during witness leave or while giving a deposition.

PROFESSIONAL DEVELOPMENT TRAINING

For courses taken per management's specific request, all costs for tuition, books, and travel (if applicable) may be paid by PADD at the time the cost is due. Examples include training related to specific programs at PADD or training offered to grantors.

Employees may also request to attend professional development training specifically related to their job. Examples include seminars, computer training, or continuing education needed to retain job related certification or a state license.

Employees who request professional development training must obtain approval from their Supervisor and Associate Director. The Associate Director shall consider the following factors in evaluating requests for professional development training assistance and recommending approval to the Executive Director:

- a. the nature and purpose of the course of study.
- b. the direct relationship between the course and the employee's job responsibilities;
- c. the employee's level of responsibility and length of service; and
- d. the estimated cost.

The Executive Director shall authorize final approval.

Employees who are taking continuing education hours to maintain licenses not required for employment with PADD will be required to pay their own costs; but will not be required to take annual leave to attend training, based on supervisor approval.

MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS

In accordance with OMB Circular A-87, Cost of Principles for State and Local Governments, PADD will pay the cost of membership in business, technical and professional organizations provided:

- 1) the benefit from membership is related to the grant program.
- 2) the expenditure is for agency membership.
- 3) the cost of the membership is reasonably related to the value of the services or benefits received; and
- 4) the expenditure is not for membership in an organization which devotes a substantial part of its activities to influencing legislation.

The Executive Director will determine if costs are allowable. Final approval must come from the Executive Director.

EMPLOYMENT POLICIES

PADD shall operate in compliance with the regulations issued by the U.S. Department of Commerce in implementing the Civil Rights Act of 1964, and all requirements attendant thereto, and designated as Part 8 of Subtitle A of Title 15 of the Code of Federal Regulations which prohibits discrimination on the basis of race, religion, color, sex, age, national origin, or disability.

The Civil Rights Act of 1991, in terms of coverage, amended Section 1981 to provide all types of employment decisions or practices claimed to be racially biased are actionable under Section 1981. Such decisions or practices include discharges, impositions of discipline, furnishing of unequal benefits, or claims of racial harassment, as well as refusals to hire or promote.

This prohibits the practice of treating the test scores of minority applicants differently (i.e., "race norming") to increase the pool of minority candidates.

The 1991 Act also amends both Title VII and the Americans with Disabilities Act to cover U.S. citizens employed overseas by U.S. controlled companies unless such coverage would violate the law of the foreign country.

The 1991 Act extends anti-discrimination protection to, and provides varying procedural remedies for employees of the U.S. House of Representatives, the U.S. Senate, various agencies set up by Congress, appointees of the President, and appointees of State or locally elected officials.

The Act also is not to be considered to affect court-ordered remedies, affirmative action, or conciliation agreements, which are in accordance with the law.

Additionally, it is a fundamental policy of PADD to provide equal opportunity to all its employees and applicants for employment and to assure that there will not be discrimination against any persons on grounds of color, religion, sex, national origin, age, physical or mental disability, or any other characteristic protected by law.

In accordance with the Older Americans Act Section 307(a) (11), preference shall be given to individuals aged 60 or older for any staff position (full or part-time) in Area Agencies on Aging for which such individuals qualify.

Except where required or permitted by law, employment practices shall not be influenced or affected by virtue of an applicant's or employee's race, color, religion, sex, national origin, age, physical or mental disability, or any other characteristic protected by law.

In addition, it is PADD's policy to provide an environment that is free of unlawful harassment of any kind, including that which is sexual, age-related, or ethnic. This policy governs all aspects of employment, promotion, assignment, discharge, and other terms and conditions of employment.

AMERICANS WITH DISABILITIES ACT

PADD shall adhere to the requirements of the 1990 Americans with Disabilities Act by:

- 1) not denying a job to an individual because of a disability if the individual is qualified and able to perform the essential functions of the job, with or without reasonable accommodation.
- 2) making reasonable accommodations when an individual has a disability and is otherwise qualified.
- 3) not lowering the existing performance standards for a job when considering the qualifications of an individual who has a disability if the standards are job-related and uniformly applied to all employees and candidates for that job.
- 4) only using job-related and business necessity criteria when screening applicants.
- 5) not accepting applications for employment unless there is a vacancy. Unsolicited resumes shall be returned upon receipt, unless there is a vacancy.

MINORITY RECRUITING, HIRING AND REPORTING

PADD recognizes the value of a diverse workforce. All job openings not filled internally are advertised in the regional newspaper of record, posted in area career centers, posted to the PADD website, and provided to the career placement office at the regional university. Furthermore, in addition to the statement of EEO compliance, the following statement shall be added to all job advertisements, "Minority candidates are encouraged to apply". Minority hires will be tracked annually and kept on file for five years.

PERSONNEL FILES AND RECORDS RETENTION

It shall be the policy of PADD to maintain personnel records for employees to document employment-related decisions, evaluate and assess policies, and comply with government record keeping and reporting requirements.

Access to Personnel Files

COMPENSATION POLICY

Purpose

The Purchase Area Development District Office strives to be the best organization in which its employees can work. Everything the Purchase Area Development District Office does is for the benefit of its employees and community. The Purchase Area Development District Office values its employees and their contributions to its success.

As an employer, Purchase Area Development District Office believes that it is in the best interest of both the organization and its employees to fairly compensate its workforce for the value of the work provided. It is Purchase Area Development District Office's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge and behaviors required of a fully competent incumbent. The system used will be objective and nondiscriminatory in theory, application, and practice. The organization has determined that this can best be accomplished by the finance department, immediate manager, and executive director.

Compensation Criteria

- The compensation system will price positions to market by using local, national and industry specific survey data.
- The market data will primarily include similar organizations; and will address significant market differences due to geographical location.
- The system will evaluate external equity, which is the relative marketplace job worth of every position directly comparable to similar jobs, factored for general economic variances and adjusted to reflect the local economic marketplace.
- The system will evaluate internal equity, which is the relative worth of each job in the organization when comparing the required level of job competencies, formal training and experience, responsibility, and accountability of one job to another and arranging all jobs in a formal job grading structure.

- The compensation system must be flexible enough to ensure that the company is able to recruit and retain a highly qualified workforce, while providing the structure necessary to effectively manage the overall compensation program.

Responsibilities

The board of directors of the Purchase Area Development District Office is responsible for reviewing recommendations made by the executive management team and will give final approval for the compensation system that will be used by the organization.

On an annual basis, the board of directors will review and approve, as appropriate, recommended changes to position range movement as recommended by executive management and as determined through the vendor's market analysis process.

As part of the annual budgeting process, the board of directors will review and approve, as appropriate, funds to be allocated for total compensation, which would include base salaries variable based and all other related expenses, including benefit plans as recommended by executive management.

The board shall set the position level, pay range and specific components of the total compensation package for the Executive Director.

Management Responsibility

The director is responsible and accountable to the board of directors. In that capacity, he or she is charged with ensuring that the organization is staffed with highly qualified, fully competent employees and that all programs are administered within appropriate guidelines and within the approved budget.

The salary budget should include a gross figure for the following budget adjustments, but the individual determinations for each employee's salary adjustment should be the exclusive domain of the director: determining the appropriate head count, titles, position levels, merit and promotional increases, and compensation consisting of salary for all positions except that of the director.

The director is charged with the responsibility of ensuring that the total compensation program is managed for consistency and equity.

3) Suspension or Dismissal

The Executive Director shall have the authority to suspend any employee without compensation for up to 10 working days.

The Executive Director shall have the authority to dismiss any employee for reason of misconduct, failure to perform satisfactorily, insubordination, excessive absences or similar circumstances as set forth herein.

WHISTLEBLOWER POLICY

I. Purpose

To ensure that the Purchase Area Development District, a Kentucky not-for-profit corporation doing business under the assumed name of the “PADD” maintains an effective, easy-to-use mechanism for employees to raise concerns regarding potentially unlawful or unethical behavior within the organization and that ensures protection against retaliation for the whistleblower.

II. Policy

It is PADD’s policy that no retaliation shall occur against any employee who internally reports a concern about potentially unlawful or unethical conduct (Whistleblower). Each employee has an obligation to report in accordance with this Whistleblower Policy: (a) questionable or improper accounting or auditing practices, (b) suspected unlawful conduct, and (c) violations or suspected violations of PADD policy (collectively referred to as “Concerns” from this point forward).

A. No Retaliation

This policy is intended to encourage and enable employees to raise Concerns for prompt internal investigation and appropriate action. No employee who in good faith reports a Concern shall be subject to retaliation in any form for making the report. An employee who retaliates against someone who has made a good faith report about a Concern is subject to discipline up to and including termination of employment.

B. Reporting Concerns

1. In most cases, employees should first discuss their Concern with their immediate Supervisor or Associate Director. If, after speaking with his or her supervisor or Associate Director the Whistleblower continues to have reasonable grounds to believe the concern is valid and the supervisor is not responsive, the Whistleblower should then report the concern in writing to the Executive Director.
2. If the supervisor is a subject of the concern, or if the Whistleblower is uncomfortable speaking with his or her supervisor or Associate Director for any reason, the Whistleblower should report his or her concern to the Executive Director. If the Executive Director is the subject of concern, the concern should be reported to the PADD’s Chairman of the Board.

3. A member of the PADD's Board of Directors may make a good faith report, in writing, of a concern to the Chairman of the Board. If making a written report, please be sure to include all relevant information know, including names of PADD employees believed to be involved, dates, etc.

C. Handling of Reported Concerns

1. Investigation Procedure: All Concerns will be dealt with promptly and in a manner intended to protect confidentiality, consistent with the need to conduct a full and fair investigation.

- a. Concerns Not Involving the Executive Director

Following a preliminary assessment, if the individual initially receiving the Concern believes the Concern warrants further investigation, the Executive Director shall be responsible for investigating the Concern and reporting the results of this further investigation to the Personnel and Finance Committee of the Board of Directors. When feasible and appropriate, and with the guidance of legal counsel, such assessment and reports may be made in a writing marked confidential.

If the investigation indicates that there has been or likely has been a violation of law, accounting or audit standards, or PADD policy, then the Personnel and Finance Committee who receives the report of the results of the investigation shall consult with the PADD's Executive Director to determine the appropriate follow-up action and conclusion.

- b. Concerns Involving the Executive Director

If the Executive Director is the subject of Concern, the Chairman of the Board who initially received the Concern, shall conduct a preliminary assessment. If the preliminary assessment reveals that the Concern warrants further investigation, the Chairman of the Board shall report the Concern directly to the PADD's Personnel and Finance Committee. The Personnel and Finance Committee will engage the PADD's attorney to further investigate the Concern and report back to the Personnel and Finance Committee of the Board on the results of the investigation for appropriate follow-up action and conclusion.

2. Follow-Up with Whistleblower.

The Whistleblower will be informed of the progress and/or outcome of the investigation unless: (1) the Whistleblower indicates his or her preference not to be informed, (2) this would be detrimental to the Whistleblower, PADD or the investigation, or (3) there are other, sound reasons not to inform the Whistleblower. The individual or committee responsible for investigating the Concern is also responsible for determining whether follow-up with the Whistleblower would be detrimental or whether other reasons exist not to inform the Whistleblower. The individual or committee is also responsible for informing the Whistleblower if the concern has been settled or closed.

3. Cooperation.

All employees are required to cooperate in the investigation of Concerns, which may include steps such as personal interviews and requests for and review of documents. Employees must not discuss the investigation, including any interviews or document requests, with anyone unless specifically instructed that they may do so.

D. Acting in Good Faith

Anyone reporting a Concern must act in good faith and have reasonable grounds for believing the information provided in a reported Concern indicates a violation of law, accounting, or audit standards, or PADD policy. The act of making allegations that prove to be unsubstantiated, or which are made maliciously, recklessly, or with knowledge of their falsity, will be viewed as a serious disciplinary offense.

E. Confidentiality

Reports of Concerns, and any investigations regarding Concerns, shall be kept confidential to the extent possible and lawful, consistent with the need to conduct an adequate investigation.

III. Responsibility

The Executive Director shall ensure that this policy is implemented. It is the responsibility of all directors, officers, and employees to comply with this policy and report Concerns in accordance with this policy.

Providing Program Access to LEP Persons

- www.freetranslation.com is used to translate agendas into Spanish.
- With adequate notice PADD will make request to use Murray State University's Community Interpreters Program to provide information in other languages.
- PADD will track LEP encounters and modify the existing process to meet the needs of the service area as necessary.

PROCUREMENT POLICY

All procurements made by the PADD involving the expenditure of federal or state grant funds will be made in accordance with the following procurement policy.

Procurement transactions, regardless of method or dollar value, will maximize open and free competition. The District shall not engage in procurement practices which may be considered restrictive in trade.

All purchases must first be initiated by completion of a Purchase Request form. This form must be approved by your supervisor and then submitted to the Officer Manager for review and approval/denial for ordering based on the following Procurement Policy. The Office Manager may take any requests to the Executive Director or his/her designee for further approval, as he/she deems necessary. The Office Manager will be responsible for placing all orders, unless otherwise designated.

The Executive Director or his/her designee will review all purchases to prevent duplication and to ensure that costs are reasonable.

SECTION 1 Methods for Procurement

Small Purchases

- A. For purchases of less than \$500, efforts will be made to get the lowest and best price, but written records of such efforts are not necessary.
- B. Purchases, which cost between \$500 and \$1,000, require three over-the-telephone quotations of rate, price, etc. A memorandum will be prepared setting forth the date the calls were made, parties contacted, and prices obtained.
- C. Purchases of supplies, equipment and services, which cost between \$1,000 and \$40,000 will require written estimates but no legal advertisement is required. The District will solicit written responses from at least three vendors, and if no such responses are available, a statement explaining the procurement will be prepared and filed.

Kentucky State Price Contract

The Kentucky State Price Contract allows local units of government and area development Districts to purchase items listed on the State Price Contract. This essentially means that the state has gone through the bidding process and has awarded contracts to specific vendors for specific items. Even when buying on the State Price Contract, prices should be compared to other vendors for the best available price.

When the State Price contract is used, documentation should be filed that show the purchase was completed on a valid State Price Contract along with the vendor's identification number.

Competitive Sealed Bids

Bidding will be employed when detailed specifications for the goods or services to be procured can be prepared and the primary basis for the award is cost. When the cost of a contract, lease or other agreement for materials, supplies, equipment of contractual services, other than those personal or professional, exceeds 40,000, an Invitation for Bids (IFB) notice will generally be prepared. This notice will be published at least once in a newspaper notice and will appear not less than seven (7) days and not more than twenty-one (21) days before the due date for bid proposals. The district may also solicit sealed bids from responsible perspective suppliers by sending them a copy of such notice.

The IFB will include a general description of the goods or services to be procured, the bid deposit and bond performance required (if applicable), the location where bid forms and specifications may be secured, the time and place for opening bids. Also, whether the bid award will be made based on the lowest bid price or the lowest evaluated price. The newspaper notice must also contain language that calls to the attention of bidders all applicable requirements, which must be complied with regarding state or federal regulations.

Sealed bids will be opened in public at the time and place stated in the IFBs. The bids will be tabulated by the district at the time of bid opening. The results of the tabulation and the

bid documents will be examined for accuracy and completeness by a review committee, which will make recommendations to the district. In addition, the committee will determine that all firms are responsive and responsible. The district will make the decision as to whom the contract shall be awarded. After the bid award is made, a contract will be prepared for execution by the successful bidder. After the contract is signed, all bid deposits will be returned to all unsuccessful bidders.

The district may cancel an Invitation for Bid or reject all bids if it is determined that such is in the best interests of the district. The district may allow a vendor to withdraw a bid if requested at any time prior to the bid opening. Bids received after the time set for bid opening shall be returned to the vendor unopened.

Competitive Negotiation

The district will utilize competitive negotiations, regardless of contract amount, upon a written determination that:

- A. Specifications cannot be made specific enough to permit the award of a bid based on either the lowest bid price or the lowest evaluated bid price (in other words, bidding is not feasible).
- B. The services to be procured are professional services or personal in nature. Except for procurement of certain professional services (principally engineering, auditing and legal services), competitive negotiations will proceed as follows:

Proposals will be solicited through newspaper advertisement; additionally, a Request for Proposal may be prepared and mailed to qualified vendors. The newspaper advertisement must be published at least seven (7) days and not more than twenty-one (21) days before the date for receipt of the proposals. The RFP will describe services needed and identify the factors to be considered in the evaluation of proposals. The RFP will also state where further details regarding the RFP may be obtained. The RFP will call attention to the same regulation discussed in the bidding process. Requests for Proposals will always include cost as a selection factor.

An award must be made to the offeror whose proposal is determined by a review committee to be the most advantageous to the district. Evaluations must be based on the factors set forth in the Request for Proposal. The review committee may contact the firms regarding their proposals for the purpose of clarification and record the nature of the clarification. If it is determined that no acceptable proposal has been submitted, all proposals may be rejected. New proposals may be solicited on the same or revised terms, or the procurement may be abandoned.

For the procurement of certain professional services, an alternative to RFPs may be used. The district may make public a Request for Qualifications. RFQs are handled in a similar method to RFPs with the exception that cost is not a factor in the initial evaluation. A review committee will evaluate the responses and rank them by comparative qualifications. The

highest scoring person or firm will be contacted, and the selection committee will negotiate the cost. If the committee is unable to negotiate a satisfactory cost arrangement, the second highest scoring person or firm will be invited to negotiate. The committee will maintain a written record of all such negotiations.

Non-Competitive Negotiations

Non-competitive negotiations may be used for procurements of more than 40,000 when bidding or competitive negotiations are not feasible. The district may purchase goods and services through non-competitive negotiations when it is determined by the district that competitive negotiation or bidding is not feasible and that:

1. An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedures, or
2. The product or service can be obtained only from one source, or
3. The contract is for the purchase of perishable items purchased on a weekly or more frequent basis.
4. Only one satisfactory proposal is received through RFP or RFQ, or
5. The state has authorized a particular type of non-competitive negotiation.

Procurement by non-competitive negotiation requires the strictest attention to the observation of impartiality toward suppliers.

SECTION 2. Contracts or Purchase Orders

Generally, all procurement more than \$1,000 will be memorialized and supported by a written contract or Purchase Order. Where it is infeasible or impractical to prepare a contract, a written finding to this effect will be prepared and some form of documentation regarding the transaction will also be prepared. The contractual provisions required by OMB Circular A-102, Attachment "O", will be included in all contracts.

SECTION 3. Documentation

All source documents supporting any given transaction (receipts, purchase orders, invoices, RFP/RFQ data, and bid materials) will be retained and filed in an appropriate manner. Where feasible, source documents pertinent to each individual procurement shall be separately filed and maintained. Where it is infeasible to maintain individual procurement files, source documents will be filed and maintained in a reasonable manner (examples include chronologically, by vendor, by type of procurement, etc.). Whatever form of documentation and filing is employed, the purpose of this section is to ensure that a clear and consistent audit trail is established. At a minimum, source documentation data must be sufficient to establish the basis for selection, basis for cost (including the issue of reasonableness of cost) and basis for payment.

SECTION 4. Locally Owned, Minority Owned, Female Owned and Small Businesses

Efforts will be made and documented to solicit participation of locally owned, minority owned, female owned and small businesses. Where feasible, evaluation criteria will include a factor with an appropriate weight for these firms. A list of locally owned, minority owned, female owned, and small businesses located within the trade region shall be maintained and utilized when issuing IFBs, RFPs and RFQs. This list shall also be consulted when making small purchases.

SECTION 5. Code of Conduct

5.1 Conflict of Interest

No elected official, employee or designated agent of the district will take part or have an interest in the award of any procurement transaction if a conflict of interest, real or apparent, exists.

A conflict of interest occurs when the official, employee or designated agent of the district, partners of such individuals, immediate family member, or an organization which employs or intends to employ any of the above has a financial or other interest in any of the competing firms.

5.2 Acceptance of Gratuities

No elected official, employee or designated agent of the district shall solicit or accept gratuities, favors or anything of monetary value from contractors, potential contractors, subcontractors, or potential subcontractors.

5.3.1 Penalties

Any employee or designated agent of the district who knowingly and deliberately violates the provisions of this code will be subject to dismissal by the district.

Any contractor or potential contractor who knowingly and deliberately violates the provisions of these procurement standards will be barred from future transactions with the district.

SURPLUS PROPERTY

Surplus property is generated primarily through the normal use of property or the procurement of replacement materials. Instead of storing the property for an indefinite period, the agency should move forward with the declaration and disposal process for the surplus property.

The disposal process begins with a determination that the property is no longer needed or has

become unsuitable for public use. The Network Administrator and Office Manager are responsible for maintaining the inventories and for initiating the disposal process that is completed when the items are properly disposed of and removed from the appropriate inventories.

The Jackson Purchase Local Officials Organization (JPLOO) Executive Committee, upon recommendation of PADD staff, makes all declarations of Surplus Property.

Surplus Property may be disposed of through one of the following options:

- (1) Transfer to another public agency (local government or non-profit agency);
- (2) Trade-In (to offset cost with vendor of replacement item);
- (3) Sale to the public (sealed bid or auction after public advertisement); or,
- (4) Trash (after determining surplus property has no reasonable value).

The best method of disposal for surplus property depends on several factors related to surplus property: type, quality, quantity, condition, availability of recipients, etc. In general, the idea is to dispose of surplus property as efficiently as possible within the established requirements of the Commonwealth of Kentucky. Furthermore, requirements of the original funding source/program that provided for the initial purchase will not be usurped.

Exception to Surplus Property Policy:

When the PADD acquires a piece of property that was not for a public purpose, there will be an exception to the normal surplus property process. Examples of properties not acquired for a public purpose could include:

- Property or equipment that is acquired through the Business Lending Programs to protect/secure the PADD's loan position and balances.
- Property acquired through the Housing programs to protect/secure the PADD's loan position and balances.

In any case where this exception is utilized, the following steps will be taken:

1. Staff will make a recommendation to the appropriate committee or corporation that the property was not acquired for a public purpose and an alternative method of disposal is recommended.
2. The approved committee or corporation recommendation and alternate method of disposal will then be presented to the full board of directors for approval.
3. When disposal of the property is completed, a report will be made to the appropriate committee/corporation and full board of directors.

CONTRACT APPROVAL PROCESS

The executive director has the authority to sign continuation contracts, defined as ongoing contracts without significant changes in scope of work. New contracts at a total dollar amount greater than \$100,000 are to be presented and approved at the board level, contracts less than \$100,000 but greater than \$40,000 are to be presented and approved at the Personnel & Finance Committee level, and the executive director has the authority to sign contracts at amounts less than \$40,000. A list of the new contracts, less than \$100,000, will be shared with the full PADD Board on a quarterly basis. Cancellation of any contract will follow the above process, dependent upon the financial level of the contract.

Dated this 16th day of September 2013.

AMENDMENTS

These personnel policies may be amended at any regular full Board meeting or any meeting of the Personnel and Finance Committee within seven (7) days written notice.

Security Policy

Effective Date: January 1, 2015

Updated: April 7, 2015

Effective security is a team effort involving the participation and support of every Purchase Area Development District (PADD) employee and affiliate who deals with information and/or information systems. It is the responsibility of every computer user to know these guidelines, and to conduct their activities accordingly. These rules are in place to protect the employee and the PADD. Inappropriate use exposes the PADD to risks of malicious attacks, compromise of network systems and services, and legal issues. This policy applies to the use of information, electronic and computing devices, and network resources to conduct PADD business or interact with internal networks and business systems, whether owned or leased by PADD, the employee, or a third party. All employees, contract workers, consultants, interns, temporary, and other workers at PADD and its subsidiaries are responsible for exercising good judgment regarding appropriate use of information, electronic devices, and network resources in accordance with PADD policies and standards, and local laws and regulation.

Appropriate measures must be taken when using workstations to ensure the confidentiality, integrity and availability of sensitive information, including protected health information (PHI), personally identifiable information (PII) and that access to sensitive information is restricted to authorized users.

Employees using workstations shall consider the sensitivity of the information, including PHI and PII that may be accessed and minimize the possibility of unauthorized access. Employees with access to PHI and PII shall ensure their workstations are used for authorized business purposes only. Only company-owned systems should be used to send and receive sensitive data. Employees with access to PHI and PII shall exit all running applications and close open documents before securing their workstation when leaving their area to prevent unauthorized access.

Securing Workstations

All computing devices must be secured with a password-protected screensaver with the automatic activation feature set to 10 minutes or less. You must lock the screen.

( Windows Logo Button + **L** on your keyboard) or log off when the device is unattended.

User ID and Password Guidelines

Your User ID and Password are an important deterrent to intrusion ... the first and sometimes only line of defense protecting PADD resources. Each user is responsible for every action initiated by that account.

It is **not appropriate** to use your PADD email address or login credentials for personal matters such as personal online shopping, personal social media, or other non-official capacity uses. These activities should be conducted using personal email addresses and accounts that are not associated with your PADD identity.

In situations where the use of your PADD account or email is appropriate for use in a non-PADD system for professional purposes, you should always use a password that is not the same as, or similar to, your official password used for PADD systems.

All passwords should meet or exceed the following guidelines.

Strong passwords have the following characteristics:

- Contain at least 8 alphanumeric characters.
- Contain at least one number (for example, 0-9).
- Contain at least one special character (for example, !\$%^&*()_+|~-=\`{}[]:;'<>?,/).

Poor, or weak, passwords have the following characteristics:

- Contain less than eight characters.
- Can be found in a dictionary, including foreign language, or exist in a language slang, dialect, or jargon.
- Contain personal information such as birthdates, addresses, phone numbers, or names of family members, pets, friends, and fantasy characters.
- Contain work-related information such as building names, system commands, sites, companies, hardware, or software.
- Contain number patterns such as aaabbbb, qwerty, zyxwvuts, or 123321.
- Contain common words spelled backward or preceded or followed by a number (for example, terces, secret1 or 1secret).
- Are some version of "Welcome123" "Password123" "Changeme123"

One way to create a password you will remember easily is to create one based on a song title, affirmation, or other phrase. For example, the phrase, "This May Be One Way To Remember" could become the password TmB1w2R! or another variation.

(NOTE: Do not use either of these examples as passwords!)

Passwords must not be shared with anyone. All passwords are to be treated as sensitive, confidential PADD information.

Passwords must not be inserted into email messages or other forms of electronic communication. Do not reveal a password on questionnaires or security forms.

Passwords should not be stored in Internet browsers.

Do not share PADD passwords with anyone except supervisors, including co-workers or family members.

Keep all passwords in a secure location and not attached to any computer equipment. Do not store passwords in a file on a computer system or mobile device (phone, tablet) without encryption.

Employees should never use a public system or untrusted devices to access company resources, since they may have been configured to steal passwords or log keystrokes.

Any user suspecting that his/her password may have been compromised must report the incident and change all passwords.

Software Installation

To avoid the exposure of sensitive information contained within PADD's computing network, the risk of introducing malware, and the legal exposure of running unlicensed software, employees may not install software on computing devices operated within the PADD network or belonging to the PADD. Software requests must be first approved by the direct supervisor and Assistant Director then made to IT staff. All software requests must comply with national, international, and commercial software license laws along with PADD security policies regarding proper acquisition, use, duplication and distribution of copyrighted software

Virus/Malware Prevention

Antivirus/Malware software should be running on your system at all times.

NEVER open any files or macros attached to an email from an unknown, suspicious or untrustworthy source. Delete these attachments immediately then 'double-delete' by emptying your Trash. Unexpected files or macros received from known sources should be verified before opening.

Never download files from unknown or suspicious sources.

Avoid direct disk sharing with read/write access unless there is absolutely a business requirement to do so.

Always scan a removable device from an unknown source for viruses before using it.

Backup critical data on a regular basis and store the data in a safe place.

Immediately notify IT staff if malicious activity is suspected. Do not attempt to eradicate a virus or use the affected machine until IT staff have been notified so the problem can be

addressed.

Internet Services

Capabilities for standard Internet services will be provided to users as needed

If sensitive information is sent via the Internet or other unsecured media transmission facility, the information must be sent encrypted.

Bandwidth both within the company and in connecting to the Internet is a shared, finite resource. Users must make reasonable efforts to use this resource in ways that do not negatively affect other employees.

Only access Internet websites and protocols that are deemed appropriate for PADD's business environment.

Browser Usage

Users should use a modern, supported, and up-to-date browser. Only access websites on company systems for the sole purpose of conducting company business. No employee should access questionable sites such as those offering pirated material, gambling, pornography, or other objectionable content.

Users should minimize downloading of files where possible and do so only with legitimate applications or data. Unnecessary items like toolbars, games, and questionable utilities should not be installed on users' systems.

User must not downgrade their web browser, attempt to change any of the security settings by using anonymizing services.

Users should be careful about clicking links in emails –they should look at the address listed and enter the site address manually if there are any questions of legitimacy. Extra steps such as contacting the sender by phone to verify the legitimacy of the message should be done when possible.

Users should not reuse passwords across multiple websites.

Where possible, users should avoid entering secure or sensitive data like social security or credit card numbers into a web browser. If this is unavoidable, the site must be known to be legitimate. Users can look at certificate associated with the site (generally representative by a padlock) to confirm it matches the website address.

Laptop or mobile device users should not access public/free Wi-Fi to handle confidential material.

If suspicious pop-up windows occur while web-browsing, users should press Alt-F4 to close the browser window; they should never click within the pop-up window.

Users must report any malware attacks, even suspected incidents, to the IT department as soon as possible.

Portable Devices, Media and Cloud Services

The PADD discourages the placement (download, copy, or input) of confidential data on portable devices. Storage on such devices is permitted only if the following requirements have been satisfied:

- Use is restricted to specific individuals requiring such data to perform their job duties;
- Storage is for a limited, defined period of time as required to perform specific job duties.
- Approval has been obtained by the system/data owner for such;
- Information should be abbreviated, if possible, to limit exposure (i.e. last 4 of SSN); and
- Sensitive data has been encrypted.

Employees should not use public email/document services such as Gmail or Dropbox to send or receive sensitive information. Exceptions can be made when other encryption methods are used at the discretion of the IT department and must be documented and approved by the employee's manager.

Unencrypted storage of confidential data on portable devices, media, and/or cloud services is strictly prohibited.

Mobile Devices

Mobile devices such as smart phone and tablets offer great flexibility and improved productivity for employees. However, they can also create added risk and potential targets for data loss. As such, their use must be in alignment with appropriate standards and encryption technology should be used when possible. Confidential data should not be stored on mobile devices.

The loss or theft of any mobile device containing PADD data must be reported immediately to IT staff.

If your PADD email account is setup on your personal or office-issued smartphone and/or you have PADD- related data on your personal or office-issued smartphone, you must have Auto-lock enabled (1 minute) with a passcode enabled and it must not be jailbroken or rooted.

Encryption (Transmission of Sensitive Data)

When sending sensitive data via email encryption, please notify the recipients before transmitting. It is not recommended that mobile devices be used for the transmission of sensitive information.

Remote Access

The use of equipment and software provided by the organization for remotely accessing PADD's computer systems, network and data is limited to authorized persons and only for purposes relating to fulfilling organization business and operations.

All devices used for remote access must have appropriate anti-malware and security software with the appropriate controls and that no existing infections are present. Anti-malware, application and operating system updates should also be applied to the device(s) regularly. Passwords should never be saved on any devices but reentered each time remote access is established.

Under very select instances, an employee may be allowed to use a personal computer and equipment for remote access, provided they meet the IT standards. The IT department will provide the user with the necessary documentation and/or support for getting remote access software running and confirmed functional. Support for personal devices is to be provided at the discretion of the IT department and should be restricted to resolving remote access issues.

General operating system/software/hardware issues on personal computers should be resolved by the vendor or a third-party agency where applicable. The employee is also responsible for ensuring that anti-malware software is present and updated on devices connecting to company networks and/or resources and that they receive regular application and operating system updates.

PADD bears no responsibility if the installation or use of any necessary remote access and/or security software causes system lockups, crashes, or complete or partial data loss. The authorized employee, volunteer, and/or contractor is solely responsible for backing up data on his/her personal equipment before beginning any organization work and connecting the system to the organization's networks or resources.

At its direction, PADD will disallow remote access for any user operating a personal home computer or device that proves incapable, for any reason, of not working correctly with the organization-provided software or systems, or which is deemed a security risk.

Only authorized company personnel are to use company-provided equipment or to access company systems and networks.

If a user believes equipment used to remotely access the organization's resources, systems, and networks might be infected with a virus, spyware infection, or other malware threat or that it might be somehow compromised they must immediately notify the IT department of the potential security risk and make the equipment available for analysis and remediation.

If a user loses or misplaces equipment authorized to remotely connect to the organization's resources, systems, and networks, they must immediately notify the IT department of the potential security risk.

When a user stops using employee-owned equipment for remote access, the user will make the equipment available to IT staff to remove remote access software and any previously needed software/licensing.

When working remotely and talking to consumers, participants, clients or about consumers, participants, or clients, you should isolate yourself from others in your household and from listening devices (ie. Google Home, Amazon devices, etc.).

Voicemail

Voicemail boxes may be issued to PADD personnel who require a method for others to leave messages when they are not available. Voicemail boxes must be protected by a password which must never be the same as the last four digits of the telephone number of the voicemail box.

Voicemail passwords, like computer passwords, must not be shared with anyone. All passwords are to be treated as sensitive, confidential PADD information.

Keyless Entry System

Any keyless entry cards that are lost must be immediately reported to IT Staff to avoid any potentially unauthorized access to the building. The lost key will be deactivated, and a new key will be issued. If the lost key is found, please return it to IT Staff.

Employee Status Changes

Communicate with IT staff both employee and non-employee terminations and status changes immediately to ensure proper deletion/revision of user access.

Backup

Onsite backup will be performed in machine readable format in the event operating data is lost, damaged, or corrupted and to avoid having to reenter the data from source material. Offsite backup designed for longer term protection will be in a more sterile format and provide protection against threats potentially damaging to primary site and

data.

Security Incident Handling

Keep a log of pertinent information during security incidents that are under investigation, including action taken.

Inform appropriate personnel (i.e. IT Staff, Executive Director, Assistant Directors, Finance). Release of information during a security incident must be authorized by the Executive Director or Assistant Director.

Follow-up analysis – after an incident has been fully handled and all systems are restored to normal mode of operation, a follow-up analysis should be performed. All involved parties should meet and discuss the actions taken and lessons learned. All existing procedures should be evaluated and modified as needed.

For incidents involving deception and fraud, additional notification may include police department and others depending upon severity of the incident at the discretion of the Executive Director.

Following activities are strictly prohibited:

- Accessing data, a server or an account for any purpose other than conducting PADD business, even if you have authorized access, is prohibited.*
- Introduction of malicious programs into the network or server (e.g., viruses, worms, Trojan horses, e-mail bombs, etc.).*
- Effecting security breaches or disruptions of network communication. Security breaches include, but are not limited to, accessing data of which the employee is not an intended recipient or logging into a server or account that the employee is not expressly authorized to access, unless these duties are within the scope of regular duties. For purposes of this section, "disruption" includes, but is not limited to, network sniffing, pinged floods, packet spoofing, denial of service, and forged routing information for malicious purposes.*
- Interfering with or denying service to any user other than the employee's host (for example, denial of service attack).*

Violating this policy or any of its tenets could result in disciplinary action leading up to and including termination of employment and civil and/or criminal prosecution under local, state, and federal laws.
