VII. COMPLIANCE

- A. The PADD shall make every effort to regulate, monitor, review, and report on the federal programs to assure compliance.
- B. Upon a finding by the PADD of noncompliance, PADD shall take the following actions with regard to:

1. Processing

The compliance officer shall immediately notify the Responsible Official in writing of the violations held to constitute noncompliance with Title VI and of the steps necessary to correct these violations.

2. Reporting

The compliance officer shall notify the sub-recipient or employee found to be in noncompliance, in writing within 30 days of the compliance officer's report of noncompliance, of the violations and corrective measures necessary to remedy the violations.

3. Resolution

The PADD shall attempt to secure voluntary compliance with Title VI. In the event that efforts to secure voluntary compliance are not secured within a reasonable period of time, the compliance officer will notify the Responsible Official, in writing, of the recommended corrective action.

4. Enforcement of corrective actions

The Responsible Official shall implement corrective actions within thirty (30) days of receipt and acceptance of the notification of recommended corrective action.

Employees or grant sub-recipients who refuse to voluntarily comply with Title VI or to take corrective actions required by the PADD shall face disciplinary action, or in the case of grant sub-recipients, may face termination or suspension of the contractual relationship with PADD.

5. Monitoring of programs

The PADD shall undertake to periodically monitor all programs funded through federal assistance for those sub-recipients who have been found by the PADD to be in non-compliance with Title VI.

VIII. ENVIRONMENTAL JUSTICE (EJ)

Executive Order (E.O. 12898) was issued to focus federal attention on the environmental and human health conditions in minority and low-income communities to promote non-discrimination in federal programs substantially affecting human health and the environment and to provide minority and low-income communities access to public information on and an opportunity for public participation in matters relating to human health or the environment. The PADD will utilize the US Census Bureau data, the American Community survey data, and the following checklist to identify targeted populations:

- Make a list of potential demographic groups to consider for the region or start with the required EJ populations defined by the Executive Order and supportive guidance
- Consider groups that are underrepresented in typical public involvement and transportation decision making processes, have limited access to the full benefits of the transportation system or have encountered disproportionate impacts from past transportation decisions
- Decide on the level of detail required for identifying groups spatially and identifying data sources to use to conduct a spatial demographic profile
- Engage leaders and representatives of demographic groups to help identify target populations, spatially and non-spatially

IX. AGENCY TITLE VI TRAINING PLAN

All PADD staff will be provided with the Title VI plan and will be educated on procedures and services available. Each employee is required annually to receive and document Title VI training and acknowledge that it is the employee's responsibility to abide by the Title VI plan and seek clarification, if necessary. This information will also be part of the PADD's staff orientation process for new hires. Annual employee training will be conducted in May of 2023. Each employee will view the training at their individual workstation. Employees will sign an acknowledgement (see example at Appendix F) that they have understood the Title VI training and have the responsibility of abiding by the Title VI nondiscrimination plan. Those training records will be on file at the PADD. The PADD transportation planner, Jim LeFevre, attended the October 19, 2022 statewide transportation planning meeting with a presentation/training by KYTC's Office for Civil Rights and Small Business Development on Title VI expectations and responsibilities.

Part of PADD's Title VI plan is deciding what level of staff training is needed. It is important that staff members, especially those having contact with the public, know their obligation to provide meaningful access to information and services for Title VI covered persons. Even staff members who do not interact regularly with Title VI covered persons should be aware of and understand the Title VI plan. Properly training staff is a key element in the effective implementation of the Title VI plan.

Staff and Operations staff are trained to recognize when a Title VI covered person is in need of assistance. This awareness training, which is delivered by video, is included in Reservations Orientation and Initial On-The-Job Training.

X. DATA COLLECTION/REPORTING/ANALYSIS

Statistical data on race, color, national origin, sex, age, disability, and LEP of participants in and beneficiaries of the PADD's programs, (i.e., affected populations, and participants) will be gathered, analyzed, and maintained by the PADD to determine the transportation investment benefits and burdens to the population, including minority and low-income populations. Each of the PADD's Program Areas will maintain data relative to their programs and activities. Data gathering procedures will be reviewed regularly to ensure sufficiency of the data in meeting the requirements of Title VI program administration. Analysis of the data collected by the program emphasis areas may include:

- The race, color, national origin, sex, age, disability, income and LEP of the population eligible to be served
- Socioeconomic Assessment to evaluate project's potential impacts to the human environment
- Persons to include in the decision-making process
- Percent of benefits allocated to persons below the poverty line vs. persons above the poverty line
- Distribution of benefits (dollars, facilities, systems, projects) to groups and communities
- Projected population increases versus planned facilities and types of facilities
- Language needs assessment
- Transportation needs of all persons within boundaries of plans or projects
- Strategies to address impacts
- The manner in which services are or will be provided and the related data necessary for determining whether any persons are or will be denied such services on the basis of prohibited discrimination
- The location of existing or proposed facilities connected with the program and related information for determining whether the location has or will have the effect of unnecessarily denying access to any persons on the basis of prohibited discrimination
- The present or proposed membership, by race, color, national origin, sex, disability and age, in any planning or advisory body which is an integral part of the program
- Strategies to disseminate information

El siguiente es un resumen de los procedimientos que el Distrito de Desarrollo del Área de Compra (en lo sucesivo, "PADD") utiliza para la investigación y resolución de las quejas de los clientes del Título VI.

La persona afectada o un representante puede presentar la queja. Las quejas deben presentarse por escrito y firmadas y pueden presentarse por correo, fax, en persona o correo electrónico (que incluye una copia de la queja firmada / fechada como archivo adjunto). Las quejas serán aceptadas en formas alternativas para cualquier persona que requiera una adaptación razonable en la dirección de contacto que se indica a continuación:

El denunciante tiene 30 días hábiles a partir de la fecha de la carta para enviar la información solicitada al investigador asignado al caso. Si el denunciante no se comunica con el investigador o no recibe la información adicional en un plazo de 30 días hábiles, padd puede cerrar administrativamente el caso. Una carta de cierre resume las acusaciones que indica que no hubo una violación del Título VI y que el caso se cerrará. Un LOF resume las acusaciones y las entrevistas con respecto al supuesto incidente, y explica si se producirá alguna acción disciplinaria, capacitación adicional del miembro del personal u otra acción. Bilingual Outreach

Upon request PADD provides Spanish-speaking guests with information on public transit services in Spanish. Staff will assist with outreach programs and public meetings as requested.

PADD submits an annual Section 5304 request to the Kentucky Transportation Cabinet and as part of this process a regional coordination meeting is conducted. All meetings will seek to incorporate minority, individuals with disabilities and LEP individuals' and their ability to provide feedback.

Practices which will be included:

- a. Scheduling meetings at times and locations that are convenient and accessible for minority and LEP communities
- b. Coordinating with community and faith-based organizations, education institutions, and other organizations to implement public engagement strategies that reach out specifically to members of affected minority and/or LEP communities.
- c. Providing opportunities for public participation through means other than written communications, such as personal interviews or use of audio or video recording devices to capture oral comments.

Mobility Needs of Minorities

PADD seeks to identify the mobility needs of minority populations during the transportation planning and programming process through early and continuing public outreach to minority populations to obtain their input, and through data and GIS analysis of the location of minority population concentrations relative to existing and planned jobs and services and their travel patterns. The Title VI and environmental justice considerations are incorporated into PADD's planning and programming process.

XIII. LANGUAGE ACCESS PLAN

PADD has taken excerpts from “Implementing the Department of Transportation’s Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient (LEP) Persons: A Handbook for Public Transportation Providers” as prepared by The Federal Transit Administration Office of Civil Rights, dated April 13, 2007.

PADD recognizes the need to provide equal service opportunities for all individuals in the service area. Most individuals living in the United States read, write, speak, and understand English. There are many individuals, however, for whom English is not their primary language. The 2020 census shows that 40.5 million individuals speak Spanish and over 10.8 million individuals speak an Asian or Pacific Island language at home. If these individuals have a limited ability to read, write, speak, or understand English, they are limited English proficient, or “LEP.”

Language for LEP individuals can potentially hinder some individuals from arranging transportation services needed. The Federal Government funds an array of services that can be made meaningfully accessible to otherwise eligible LEP persons. The Federal Government is committed to improving the accessibility of these programs and activities to eligible LEP persons, a goal that reinforces its equally important commitment to promoting programs and activities designed to help individuals learn English.

Title VI of the Civil Rights Act of 1964, 42 U.S.C. 2000d et seq., and its implementing regulations provide that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination under any program or activity that receives Federal financial assistance. The Supreme Court, in *Lau v. Nichols*, 414 U.S. 563 (1974), interpreted Title VI regulations prohibits conduct that has a disproportionate effect on LEP persons because such conduct constitutes national origin discrimination (page 5).

Executive Order 13166, “Improving Access to Services for Persons with Limited English Proficiency,” reprinted at 65 FR 50121 (August 16, 2000), directs each Federal agency to examine the services it provides and develop and implement a system by which LEP persons can meaningfully access those services. Federal agencies were instructed to publish guidance for their respective recipients in order to assist them with their obligations to LEP persons under Title VI. The Executive Order states that recipients must take reasonable steps to ensure meaningful access to their programs and activities by LEP persons (Pages 5-6).

The U.S. DOT published revised guidance for its recipients on December 14, 2005. This document states that Title VI and its implementing regulations require that DOT recipients take responsible steps to ensure meaningful access to the benefits, services, information, and other important portions of their programs and activities for individuals who are Limited English Proficient (LEP) and that recipients should use DOT LEP Guidance to determine how best to comply with statutory

and regulatory obligations to provide meaningful access to the benefits, services, information, and other important portions of their programs and activities for individuals who are LEP (page 6).

The FTA references the DOT LEP guidance in its Circular 4702.1A, “Title VI and Title VI-Dependent Guidelines for FTA Recipients,” which was published on April 13, 2007. Chapter IV, Part 4 of this Circular reiterates the requirement to take responsible steps to ensure meaningful access to benefits, services, and information for LEP persons and suggests that FTA recipients and sub-recipients develop a language implementation plan consistent with the provisions of Section VII of the DOT LEP guidance (page 6).

In accordance with the Executive Order, the U.S. Department of Transportation issued Policy Guidance Concerning Recipient’s Responsibilities to Limited English Proficient (LEP) Persons, which is modeled after DOJ’s guidance. As described in the guidance, DOT recipients are required to take reasonable steps to ensure meaningful access to their programs and activities by LEP persons. The guidance applies to all DOT funding recipients, which include state departments of transportation, state motor vehicle administrations, airport operators, metropolitan planning organizations, and regional, state, and local transit operators, among many others. Coverage extends to a recipient’s entire program or activity, i.e., to all parts of a recipient’s operations. This is true even if only one part of the recipient receives the Federal assistance. For example, if DOT provides assistance to a state department of transportation to rehabilitate a particular highway on the National Highway System, all of the operations of the entire state department of transportation—not just the particular highway program or project—are covered by the DOT guidance.

The DOT guidance outlines four factors recipients should apply to the various kinds of contacts they have with the public to assess language needs and decide what reasonable steps they should take to ensure meaningful access for LEP persons:

1. The number or proportion of LEP persons eligible to be served or likely to be encountered by a program, activity, or service of the recipient or grantee.
2. The frequency with which LEP individuals come in contact with the program.
3. The nature and importance of the program, activity, or service provided by the recipient to people’s lives.
4. The resources available to the recipient and costs.

The greater the number or proportion of eligible LEP persons; the greater the frequency with which they have contact with a program, activity, or service; and the greater the importance of that program, activity, or service, the more likely enhanced language services will be needed. Smaller recipients with more limited budgets are typically not expected to provide the same level of language service as larger recipients with larger budgets. The intent of DOT’s guidance is to suggest a balance that ensures meaningful access by LEP persons to critical services while not imposing undue burdens on small organizations and local governments. After completing the above four-factor analysis, recipients can determine the appropriate “mix” of LEP services required. Recipients have two main ways to provide language services: oral

interpretation either in person or via telephone interpretation service and written translation. The correct mix should be based on what is both necessary and reasonable in light of the four-factor analysis. For instance, a motor vehicle department or an emergency hazardous material cleanup team in a largely Hispanic neighborhood may need immediate oral interpreters available and decide to hire full-time bilingual staff. In contrast, there may be circumstances where the importance and nature of the activity and number or proportion and frequency of contact with LEP persons may be low and the costs and resources needed to provide language services may be high in which pre-arranged language services for the particular service may not be necessary. The languages spoken by the LEP individuals with whom the recipient has frequent contact often determine the languages into which documents will be translated and the types of interpreters provided.

Plan for Assisting Persons of Limited English Proficiency

How to Identify an LEP Person Who Needs Language Assistance?

Below are tools to help identify persons who may need language assistance:

1. Examine records requests for language assistance from past scheduled transportation needs to anticipate the possible need for assistance at upcoming appointments;
2. When PADD sets up at events, set up a sign-in sheet table, have a staff member greet and briefly speak to each attendee. To informally gauge the attendee's ability to speak and understand English, ask a question that requires a full sentence reply;
3. Staff should keep lists of individuals seeking language assistances on telephones, in office and on vehicles;
4. Post a notice of available language assistance on PADD vehicles, subcontractor vehicles and reception area.
5. Persons who do not speak English as their primary language and who have a limited ability to read, speak write or understand English can be limited English proficient, or "LEP." These individuals may be entitled to language assistance with respect to a particular type of service, benefit or encounter.

Title 49 CFR, Appendix C, Section (3)(iv) requires that "the location of projects requiring land acquisition and the displacement of persons from their residences and business may not be determined on the basis of race, color, or national origin." For purposes of this requirement, "facilities" does not include bus shelters, as they are considered transit amenities. It also does not include transit stations, power substations, or any other project evaluated by the National Environmental Policy Act (NEPA) process. Facilities included in the provision include, but are not limited to, storage facilities, maintenance facilities, operations centers, etc. In order to comply with the regulations, PADD will ensure the following:

PADD will complete a Title VI equity analysis for any facility during the planning stage with regard to where a project is located or sited to ensure the location is selected without regard to race, color, or national origin. Purchase Area Development District will engage in outreach to persons potentially impacted by the siting of the facility. The Title VI equity analysis must compare

the equity impacts of various siting alternatives, and the analysis must occur before the selection of the preferred site.

When evaluating locations of facilities, PADD will give attention to other facilities with similar impacts in the area to determine if any cumulative adverse impacts might result. Analysis should be done at the Census tract or block group level where appropriate to ensure that proper perspective is given to localized impacts.

If PADD determines that the location of the project will result in a disparate impact on the basis of race, color, or national origin, PADD may only locate the project in that location if there is a substantial legitimate justification for locating the project there, and where there are no alternative locations that would have a less disparate impact on the basis of race, color, or national origin. PADD must demonstrate and document how both tests are met. PADD will consider and analyze alternatives to determine whether those alternatives would have less of a disparate impact on the basis of race, color, or national origin, and then implement the least discriminatory alternative.

MEANINGFUL ACCESS FOUR FACTOR ANALYSIS

(1) THE NUMBER OR PROPORTION OF LEP PERSONS ELIGIBLE TO BE SERVED OR LIKELY TO BE ENCOUNTERED BY A PROGRAM, ACTIVITY OR SERVICE OF THE RECIPIENT:

FROM THE U.S. CENSUS BUREAU 2019 ACS 5-YEAR ESTIMATES, 58.5 MILLION PEOPLE OF THE U.S. POPULATION WERE HISPANIC OR LATINO ORIGIN MAKING PEOPLE OF HISPANIC ORIGIN THE NATION'S LARGEST ETHNIC OR RACIAL MINORITY. 40.7 MILLION IS THE NUMBER OF U.S. RESIDENTS 5 AND OLDER WHO SPEAK SPANISH AT HOME IN. THIS IS A 135 PERCENT INCREASE SINCE 1990 WHEN IT WAS 17.3 MILLION. THOSE WHO SPEAK SPANISH AT HOME CONSTITUTED 12.5 PERCENT OF U.S. RESIDENTS 5 AND OLDER. MORE THAN HALF OF THESE SPANISH SPEAKERS SPOKE ENGLISH "VERY WELL."

Kentucky Demographics: According to the U.S. Census Bureau, the American Community Survey 5-Year Estimate indicated that Kentucky was ranked 41 out of 50 by percent of population Age 5+ Spanish Speaking. The total number of Spanish Speaking in Kentucky was 113,336 out of a total population of 4,188,377 Age 5+. According to these statistics 2.7% of Kentucky Residents Age 5+ are Spanish Speaking.

PADD has attached the U. S. Census Bureau 2016-2020 American Community Survey 5-Year Estimate data (see page 50) for the Purchase Area Counties of Ballard, Calloway, Carlisle, Fulton, Graves, Hickman, Marshall and McCracken as well as the Purchase Region.

(2) THE FREQUENCY WITH WHICH LEP INDIVIDUALS COME IN CONTACT WITH THE PROGRAM,ACTIVITY, OR SERVICE:

The numbers are clearly showing an increase in the number of foreign-born residents in Kentucky as well as an increase in the number of Spanish Speaking residents. PADD will continue to monitor changes in demographics as they become available through Census and Studies. PADD will also work closely with local agencies in an effort to monitor developments in the region.

PADD will monitor the frequency with which LEP individuals come in contact with the program and services. PADD will report all encounters with LEP persons on the OTD Section 5304 Monthly Report. Reporting accuracy will improve with ongoing training and tracking measures implemented.

(3) THE NATURE AND IMPORTANCE OF THE PROGRAM, ACTIVITY, OR SERVICE PROVIDED BY THE PROGRAM:

PADD was originally organized to provide general planning services to local government in the eight county Purchase Region. PADD understands they play an important role in the lives of our community. The individuals utilizing public transportation services in the region need this mobility to maintain a continued quality of life. A LEP person's inability to use public transit may hinder their ability to access health care, education or employment. PADD will continue to outreach to all individuals and promote their efforts. This will increase their need to promote their services for individuals to realize the service is available. When they speak to groups, they make them aware they will assist any individual with LEP.

PADD works with local transportation providers to ensure the availability of lift-equipped vehicles for wheelchair users. PADD strives to promote affordable and efficient community transportation services through this coordination effort. PADD coordinates efforts with local transit agencies to access new equipment for fleet upgrades and to increase services. These services are available to EVERYONE in the general population of the service area and are likely to be sought by LEP persons.

PADD is taking steps in to increase outreach efforts to LEP language groups. For example, PADD has included Google Translate on the agency website.

(4) THE RESOURCES AVAILABLE TO THE RECIPIENT AND FOR LEP OUTREACH, AS WELL AS THE COSTS ASSOCIATED WITH THAT OUTREACH:

These additional language assistance tools will be utilized to assist LEP individuals at no additional cost:

www.freetranslation.com is used to translate Transportation Committee agendas and other documents as necessary.

With adequate notice PADD will use Murray State University's Institute for International Studies interpreters to provide information in other languages. The ESL contact person is Weihong Gao and may be contacted at 270/809-4103. An alternate contact for translation services is Vince Medlock and he can be reached at 270/293-8315.

The University of Tennessee Martin provides a third translation option through their Office of International Affairs. The contact person is Ms. Lori Jackson and she can be contacted at 731/881- 3582. Karli Smith is a Program Resource Specialist and she can be reached at 731/881-7420. The International Admissions office can be reached at 731/881-7344.

The US Census 2000 Language Identification Flashcard is available to assist staff in assessing LEP needs.

A Google Translation Browser has been added to the PADD website, so all posted documents are available in multiple languages.

IMPEMENTATION PLAN

Staff Training

Part of PADD's LEP plan is determining what level of staff training is needed. It is important for staff members, especially those having frequent contact with the public, to understand the obligation to provide meaningful access to information and services for LEP persons. Likewise, staff members who are less likely to interact with LEP persons should also be aware of and have a level of understanding of the resources available to PADD for assisting LEP persons. Properly training staff is key in the effective implementation of a LEP plan. Staff will be trained annually to recognize when a LEP person is in need of language assistance and respond by providing information in a format that the LEP person can understand.

LANGUAGE ASSISTANCE MEASURES

1. Staff will take reasonable steps to provide the opportunity for meaningful access to LEP clients who have difficulty communicating in English.
2. The following resources will be available to accommodate LEP persons:
 - a. A list of volunteer Spanish Language interpreters will be maintained and will provide within a reasonable time period.
 - b. Language interpretation will be accessed for all languages through a telephone interpretation service for critical need situations.
3. Network with local human service organizations that provide services to LEP individuals and seek opportunities to provide information about the transit program and services.
4. Include "Spanish" on all job recruitment notices.
5. Incorporate an option for machine translation into multiple languages for PADD's website (www.purchaseadd.org).

Outreach Techniques

When the staff prepares a document or schedules a meeting for which the target audience is expected to include LEP individuals, the documents, meeting notices, flyers, and agendas will be printed in an alternative language based on the known LEP population. Interpreters will be available as requested.

Monitoring and Updating the LEP Plan

This plan is designed to be flexible and is one that can be easily updated. As such, it is important to consider whether new documents and services need to be made accessible for LEP persons, and also to monitor changes in demographics and types of services, and to update the LEP plan when appropriate. At a minimum, the PADD will follow the Title VI program update schedule for the LEP plan.

Each update should examine all plan components such as:

1. How many LEP persons were encountered?
2. Were their needs met?
3. What is the current LEP population in the OTO region?
4. Has there been a change in the types of languages where translation services are needed?
5. Determine whether local language assistance programs have been effective and sufficient to meet the need.
6. Determine where PADD's fully complies with goals of this LEP Plan
7. Determine whether complaints have been received concerning the failure to meet the needs of LEP individuals
8. Maintain a Title VI complaint log, to include LEP issues and basis of complaints.

Safe Harbor Provision

DOT has adopted the Department of Justice's Safe Harbor Provision, which outlines circumstances that can provide a "safe harbor" for recipients regarding translation of written materials for LEP population. The Safe Harbor Provision stipulates that, if a recipient provides written translation of vital documents for each eligible LEP language group that constitutes five percent (5%) or 1,000 persons, whichever is less, of the total population of persons eligible to be served or likely to be affected or encountered, then such action will be considered strong evidence of compliance with the recipient's written translation obligations. Translation of non-vital documents, if needed, can be provided orally. If there are fewer than 50 persons in a language group that reaches five percent (5%) trigger, the recipient is not required to translate vital written materials but should provide written notice in the primary LEP language group of the right to receive competent oral interpretation of those written materials, free of cost.

American Community Survey 5-Year Estimates (2016-2020)

As outlined in the previous chart, Graves County contains LEP group of over 1,000. PADD will provide good faith efforts to meet the needs of the LEP population, if and when necessary. PADD may determine, based on the Four Factor Analysis, that even though a language group meets the threshold specified by the Safe Harbor Provision, written translation may not be an effective means to provide language assistance measures.

XIV. MINORITY REPRESENTATION

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color or national origin, “deny a person the opportunity to participate as a member of a planning, advisory or similar body which is an integral part of the program.” Recipients that have transit-related, nonelected planning board, advisory councils or committees, or similar committees, the membership of which is selected by the recipient, must provide a table depicting the racial breakdown of the membership of those committees, and a description of efforts made to encourage the participation of minorities on such committee.

The PADD governing body consists of 34 board members which include local officials and representatives from business and citizens. The board elects a chair, vice-chair, secretary and treasurer every two years. The vice-chair is the chair of the Personnel and Finance Committee.

The board consists of thirty-four members, twenty-seven (27) men and seven (7) women with thirty (30) Caucasians and four (4) African Americans.

COUNTY	TOTAL	WHITE	M	F	AFRICAN AMERICAN	M	F
Ballard	3	3	2	1	0		
Calloway	4	4	3	1	0		
Carlisle	3	3	2	1	0		
Fulton	5	4	5		1	1	
Graves	6	5	3	3	1		1
Hickman	4	3	3	1	1		1
McCracken	5	4	5		1	1	
Marshall	4	4	4		0		

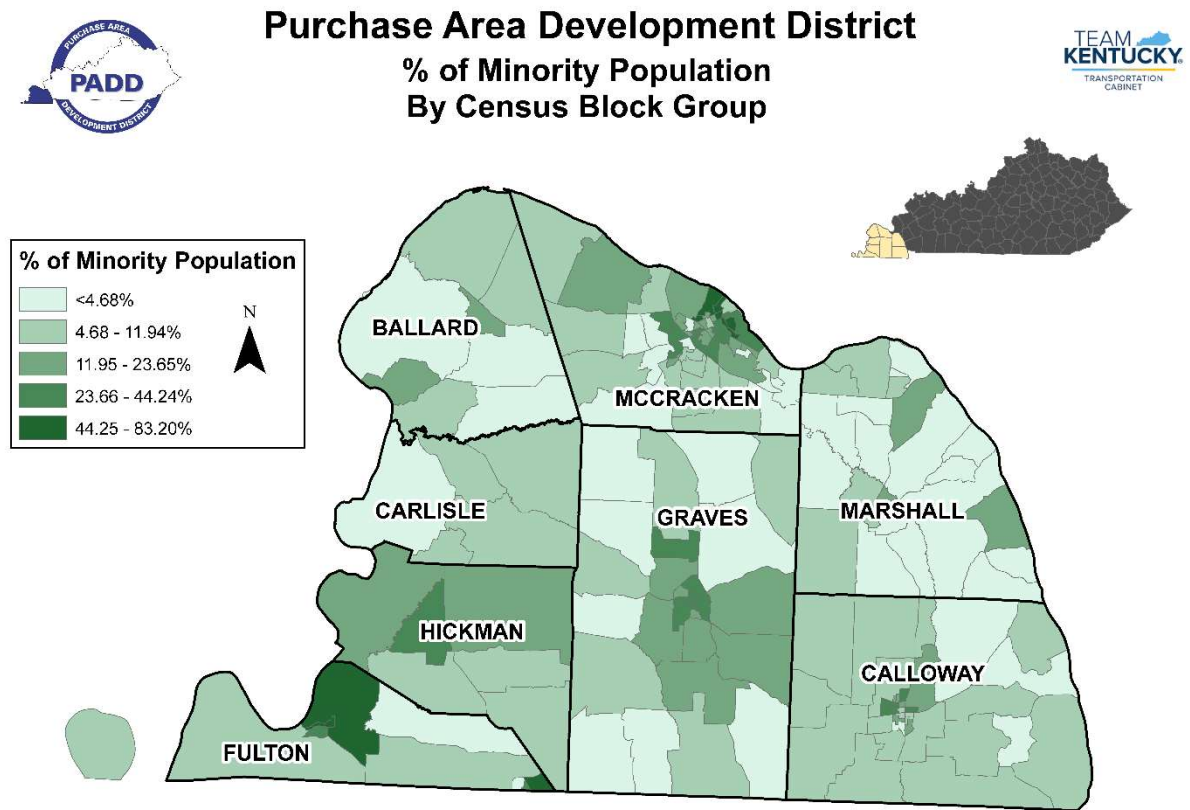

PADD is committed to meeting the needs of the region’s citizens and ensuring that no person is excluded from participation in or denied the benefits of its services. Efforts to encourage participation of minorities on the board are a mission of the board of directors. As well, PADD strives to ensure that the composition of the other relevant board members reflects a representation of minority participation. PADD will continue to encourage these groups to consider a minority member to the board.

XV. DEMOGRAPHIC MAPS OF PUADD SERVICE AREA

The maps shown below depict the percentage of minority, LEP, disability, poverty, and over 65 populations in the PUADD region and urban areas. The only FTA funds received by PUADD are Section 5304 planning funds. These funds are used for public transportation planning for the entire region, so all populations stand to benefit from the FTA-funded planning activities.

Mobility Needs of Minority Populations

Throughout all the processes conducted by the PUADD, efforts are made to ensure that equal access is provided in planning programs and projects. This includes (but is not limited to) meeting accessibility, outreach processes described in the PUADD Public Participation Plan, project identification, Environmental Justice analysis, transit planning, bicycle/pedestrian planning, coordination with human service agencies, etc.

Impact Analysis of Federal and State Transportation Planning Funds

PUADD does not distribute State or Federal funds for transportation purposes but receives a grant from FTA to conduct transportation planning. PUADD uses this funding to prepare a Coordinated Human Service Transportation Plan to improve mobility for seniors and people with disabilities by removing barriers to transportation service and expanding mobility options. This plan identifies transportation needs and the strategies to meet them for people with disabilities, older adults, and people with low incomes.

PUADD also uses this funding to work with the three regional transit agencies to improve mobility throughout the Purchase Region.

PUADD conducts rural transit transportation planning and all other programs in the region without regard to race, color, or national origin. PUADD is unaware of any decision, policy, or practice that has disparate treatment or impact on protected groups. Methods used to identify potential inequities in transportation planning include:

- Developing demographic maps using the most current US Census data to identify elderly, minority, limited English Proficiency (LEP), low-income, and disabled populations.
- Providing demographic maps to regional transit agencies for their use in route planning.
- Conducting public meetings to obtain public input from other entities that are served or affected by rural transit transportation planning.
- Translating any public document into another language upon request.
- Providing public Title VI notice and complaint procedures.

XVI. REVIEW OF STA DIRECTIVES

The PADD's Title VI Implementation Plan is designed to comply with the statutes and requirements under the law and as directed by KYTC/FHWA to accomplish the goals of the Title VI Act of 1964.

The table below is a list of resources that include laws, procedures, directives, plans and/or guidance used by the PADD to develop and administer Title VI implementation.

XVII. COMPLIANCE/NONCOMPLIANCE REPORTING

Throughout the year, the Title VI Coordinator periodically meets with the directors and the division heads of PADD to review the policies and procedures relative to Title VI. This includes, but is not limited to, a review of files and statistics of complaints received for investigation and services offered to recipients and beneficiaries of PADD's services.

In the event of noncompliance with this, plan or applicable regulations and laws are determined via a complaint investigation or through the self-survey process; the PADD will make every effort to attain full compliance.

The Title VI Coordinator shall notify the appropriate program head in the event a complaint investigation, compliance review or self-survey indicates noncompliance. The notification shall state the condition of noncompliance, recommended approach to correct the situation, and the time period for the response and corrective action. The Title VI Coordinator may conduct an interview to consult with the program head regarding the correct approach to remedy noncompliance.
